FRANCE ENDS TIE-UP OF AVIATION PLANTS

Decisive Battle On Central Front In China Is Expected

Part of Incoming Japanese Reinforcements Already Fighting Chinese

Nippon Troops Sent North From Shanghai

SHANGHAI (CP) — Fighting progressed on a widespread sector about Yihshien along the Tientsin-Pukow Railway Tuesday, but both Chinese and Japanese still are preparing for what they expect to be a decisive engagement. This major battle, it appeared, will be fought in southern Shantung province, midway between the Tsinan-Tsingtao Railway and the Lunghai, China's east-west main line.

The vanguard of Japanese reinforcements sent from Tsingtao already has met Chinese in a series of spirited engagements about 40 miles west of Tai-chung, where the Chinese have claimed victory. While fresh Japanese troops sped from the north, the seriousness of the situation was emphasized by departure of nearly a division of Japanese forces from Shanghai by sea, presumably for Tsingtao.

By LLOYD LEHRAS
Associated Press Foreign Staff

SHANGHAI — Japanese army spokesmen declared Tuesday the Chinese hold not a single Japanese officer prisoner after more than nine months of warfare, and predicted none would be taken alive.

All officers, he declared, are sworn to follow the Samurai code which demands suicide by hara-kiri (disembowelling) or other means when capture appears inescapable.

"On the battlefield Japanese officers die in action, but if wounded and unable to carry on they shoot themselves or commit hara-kiri," he said. That ancient code of the Japanese warrior, the spokesman asserted, is being followed by the hard-pressed Japanese forces on the Shantung province front, where fighting rages bitterly along the Tientsin-Pukow Railway and the ancient Grand Canal.

AVIATORS HELD
The Japanese spokesman was asked about 15 Japanese aviators known to be prisoners at Han- (Turn to Page 3, Col. 4)

NAME BECK FOR FRANCHISE JOB

U.S. Public Utilities Authority to Be City's Expert on Power Issue

The City Council yesterday afternoon named R. W. Beck, U.S. public utilities authority and electrical engineer, its official expert on the British Columbia Electric Railway franchise issue.

The appointment, made by the council in franchise committee earlier in the day, was authorized at the council meeting. It set a price for his services at \$5,000, inclusive of any costs connected with his work.

The actual resolution making the appointment, signed by all members of the council, follows:

"That Mr. R. W. Beck be engaged to make the necessary engineering studies and report on the relations between the City of Victoria and the B.C. Electric Railway Company at a fee of \$5,000, being plan No. 3 as outlined in Mr. Beck's preliminary report to the City Council dated March 12, 1938.

"It to be understood that this fee of \$5,000 includes all costs and out-of-pocket expenses, and also includes the necessary services of local people who will be employed by Mr. Beck to compile the necessary data.

"Provided also that Mr. Beck will attend in Victoria at all meetings when called upon to conduct any negotiations between the city and the company, as may be decided upon by the City Council."

Whitney's Seat On Exchange Is Sold

NEW YORK (AP) — Richard Whitney's seat on the New York Stock Exchange was sold today for \$59,000. Announcement of the transfer was made about the time Whitney, convicted of grand larceny, was entering Sing Sing prison to begin serving his term of five to ten years.

Whitney bought the seat in 1912 for \$65,000.

Warships at Day and Night Exercises

A speeding British cruiser (above) on manoeuvres as it belched billowing clouds of dense smoke that turned the bright Mediterranean day into night, concealing it from an "enemy" ship as effectively as if their theoretical encounter were taking place in midnight darkness, while, as pictured below, on the night of that same day the battleship Royal Oak, in nocturnal war games with Great Britain's combined Home and Mediterranean fleets, switched on her sun-brilliant searchlights to turn night into day while combing the waters off Gibraltar for lurking "enemy" craft.

Many See Whitney Leave For Sing Sing

Crowd at Station in New York; Hundreds in Windows Glimpse Ex-broker

NEW YORK (AP) — Richard Whitney, handcuffed to an escort and a man convicted of assault, was put aboard a train for Sing Sing today while fully 5,000 men and women, in and around the Grand Central Station, tried to catch a glimpse of him.

From the station in the town of Ossining Whitney and his guards and the other prisoners were to be sped to the big grey prison where he will begin serving his five-to-ten-year term for grand larceny.

Outside the old Tombs Prison in downtown New York, where Whitney spent the night, there were crowds on the sidewalks, and from the windows of nearby buildings hundreds of persons watched his departure in the "Black Maria."

Crowds jammed the concourse of the Grand Central, swarmed through Pershing Square on the 42nd Street side, and in Depew Place at the rear through which the van ran.

Shackled to the once powerful broker, who served five terms (Turn to Page 3, Col. 7)

Not Compelling Pasteurization

Up to Municipal Authorities, Says Agriculture Minister

Compulsory pasteurization of all milk rests with municipal authorities, and the provincial government has no intention of widening its legislation in this regard, Hon. K. C. MacDonald, Minister of Agriculture, said today.

At the present time, under the health laws, pasteurization is required of milk having a bacteria count of from 100,000 to 500,000. Below 100,000 count milk can be sold in raw form and above 500,000 it cannot be sold for human consumption.

Dr. MacDonald said the question of pasteurizing milk below 100,000 bacteria count was up to municipal authorities. If they so decided they could get the support of provincial officials in carrying out the plan. The government, however, had no intention of forcing pasteurization.

Chamberlain to Send Minister to Visit Mussolini

More-Belisha Expected to Seal Britain's New Understanding With Italy

LONDON (AP) — Prime Minister Chamberlain is planning to send one of his ministers to call on Premier Mussolini to seal Great Britain's reconciliation with Italy, informed sources told the Associated Press today.

Rt. Hon. Leslie More-Belisha, Secretary for War, it was said, will stop in Rome on his return from an inspection trip to Malta and "quite likely will pay a courtesy call on Signor Mussolini."

The War Secretary, traveling by air, is due in Malta Saturday and is to return to London April 23. He will thus call in Rome about a week after the expected signing of the Anglo-Italian agreement Saturday.

Informed sources insist there is no political significance attached to the visit, but observers note that, if the call is made, it will be the first of any British cabinet minister since Rt. Hon. Anthony Eden went to the Palazzo Venezia to discuss the Ethiopian question and other problems with the Duce June 24, 1935.

They feel Mr. More-Belisha's visit would have been impossible if the embittered atmosphere of the previous year.

Many Strikers Return to Work and Chamber Gives Daladier a Great Majority

RESIDED HERE FOR 73 YEARS

Mrs. Annie M. Wilson, Born in Old Royal Hospital in 1865, Dies Today

Born in Victoria 73 years ago. Mrs. Annie Mead Wilson, widow of Sydney D. Wilson, passed away this morning at the home of her son, S. L. Wilson, 160 Beach Drive, after a long illness.

Mrs. Wilson was one of the oldest native daughters of Victoria. She was born in the old Royal Hospital on the Indian Reserve, the daughter of the late Dr. and Mrs. William Jackson, who came to Victoria from England via Cape Horn in 1862. Dr. Jackson was resident surgeon at the old Royal Hospital and had many exciting experiences with the Indians, particularly during the time of the smallpox epidemic.

Mrs. Wilson was married here on March 12, 1884, and in 1934 celebrated her golden wedding day. Since then Mr. Wilson has passed away. She is survived by one son, S. L. Wilson, with whom she resided, and one granddaughter, two brothers, Frederick A. Jackson, Victoria, and Richard Jackson, Deep Cove, V.I.

The remains are resting at Hayward's B.C. Funeral Chapel, where funeral services will be held on Thursday afternoon at 2:15. Rev. A. de B. Owen will officiate. The service will be followed by cremation at Royal Oak.

Mail Order Copies Of "Life" Detained

All mail order copies of this week's issue of the pictorial magazine Life will be detained at the customs, G. A. Yardley, collector of customs, announced yesterday. Ottawa ordered yesterday four pages which showed the birth of a baby, would have to be removed before the copies could be distributed to newsdealers. Those receiving their issue by mail will also have to accept them with those pages removed or not at all. They will have to be called for at the post office.

Arbitration Sends Men Back to Build Planes for Army at Plants Closed Two Weeks During Dispute; New Cabinet Wins First Vote in Chamber

NEW MILITARY UNIT FOR CITY

Fifth Army Field Workshop Being Formed Under Lt.-Col. H. E. Goodman

Formation of a new unit of the non-permanent active militia with headquarters here, the 5th Army Field Workshop, Royal Canadian Ordnance Corps, is now under way.

The unit was authorized in 1936 at the time of the Canadian army reorganization, and is in line with the program of theoretical mechanization of the militia.

Command of the 5th Field Workshop has been given to Lt.-Colonel H. E. Goodman, V.D., who has been on the reserve list since he came to Victoria from Regina and took over the Coast Hardware here.

Colonel Goodman entered the army in England 36 years ago. He went overseas during the Great War with the 43rd Canadian battalion, and was transferred to the 19th battalion at the time he won his commission. He commanded the 12th Divisional Canadian Army Service Corps in Regina for seven years, and took the militia staff course in 1934.

The new unit will have a nominal strength of 131, with seven officers.

All officers must be holders of a university degree in mechanical engineering.

The ranks will be open to men in a wide variety of trades. Among artisans required are armorers, fitters, blacksmiths, coppersmiths, electricians, driver-mechanics, welders, wireless mechanics and the like.

The function of the army field workshop is to take care of the collection, disposal and repair of all mechanical transport vehicles and the maintenance and salvage of guns, armored fighting vehicles, ammunition and equipment generally.

The unit will consist of a main shop, three recovery sections and one light aid detachment. Headquarters will be at Signal Hill, Esquimalt.

Children Start Holiday Friday

British Columbia's 120,000 school children will toss aside their school books Thursday afternoon for their Easter respite from studies. The Easter holidays start Good Friday and last until Monday, April 25. Many of the teachers will spend their short vacation in Victoria attending the B.C. Teacher's Federation convention.

Score of Warships Seen Off Philippines

Destroyers in Davao Gulf; Japanese Consul Disclaims Knowledge

MANILA (AP) — A report 22 mysterious destroyers were seen in Davao Gulf, Mindanao Island, caused Maj.-Gen. Paulino Santos, chief of staff of the Philippine army, to telegraph his commander in Davao to learn their identity and purpose.

The Japanese consulate-general here said it had no knowledge of naval vessels of Japan were in that vicinity.

The Manila Taliba carried the reports. Davao Gulf is 60 miles from the heart of the Japanese colonies in the islands. Taliba's Davao correspondent

PARIS (CP-Havas) — Labor strikes which had tied up a considerable portion of the French aviation industry for the last two weeks were settled tonight by arbitration.

CONFIDENCE VOTE

PARIS (AP) — The Chamber of Deputies today gave the new "national defence" government of Edouard Daladier an overwhelming vote of confidence, 576 to 5.

The vote came after the Premier, making his ministerial declaration, had promised the government would keep armament factories running in spite of the wave of strikes involving 160,000 men and more than 120 plants.

Both Socialists and Communists joined the centre and right to give Daladier the huge majority.

Demanding a quick vote, the Premier warned, "the destiny of France itself is at stake; we have no time to lose!"

The Socialists reserved opinion on Daladier's request for the right to rule France by decree until August 31, but the size of the first vote appeared assurance he would get decree powers without Socialist support.

STAKED ALL ON VOTE

Today's vote was on Daladier's ministerial declaration, on which the cabinet's life was automatically staked. A vote on Daladier's request for decree powers was to come later tonight.

Shortly after the test Jacques Duclos, secretary of the French Communist Party and a deputy, announced in corridors of the chamber strikers in aviation factories had accepted the government's offer of arbitration and would return to work.

(Turn to Page 3, Col. 1)

NEW JUSTICE IS WELCOMED

Victoria Bar Grooms Mr. Justice O'Halloran on First Appearance Here

On behalf of the Victoria Bar, A. D. Crease, K.C., president, today officially welcomed Mr. Justice C. H. O'Halloran on his first appearance in this city as a member of the Court of Appeal. The address was delivered as the court opened its sitting.

On behalf of the local association, Mr. Crease extended congratulations to the new court member, expressed the confidence the members of the legal profession held in him and wished him success in his new sphere of activity.

Mr. O'Halloran replied fittingly, thanking the Victoria Bar for its message and expressing the hope he might continue his lengthy and pleasant associations with the legal profession here. He looked forward to at least 25 years' connection with the profession in his present post, he added.

Tell of Six-mile Advance Near Mediterranean; Loyalists Retake Town

MORELLA, Spain (CP-Havas) — Insurgent officers said today their armies had smashed forward six miles east of this town in a resumption of their major offensive toward the coastal town of Vinaroz.

The insurgents renewed major operations along the Alcaniz-Valencia highway to dawn, following a three-day lull caused by insurgent consolidation of newly occupied terrain. Tremendous artillery barrages supported the attacks.

Insurgent warplanes incessantly strafed and bombed the government contingents seeking to check the advance toward Vinaroz, about 32 miles east of Morella.

The troops of Generalissimo Franco were reported to have launched simultaneous vigorous drives northwest of Morella, near Tortosa, and elsewhere.

Should the insurgents reach the seaboard they will have succeeded in splitting government territory in eastern Spain in two. Vinaroz astride the main coastal highway leading from Barcelona to Valencia.

LASHES ARE CUT TO FIVE

Chinese Convicted On Charge of Living on Avals Has Whippings Reduced

Lashes imposed with sentence upon Mah Chee, Chinese, convicted in Vancouver on a charge of living in part on the avails of prostitution, were reduced from nine to five, but the three-year term which went with the term was left untouched in a judgment handed down by the Chief Justice as the April sittings of the Court of Appeal opened here today.

In the lower court Mah Chee was sentenced to three whippings of three strokes each by Judge Lennox, Vancouver.

Justice would be met by reducing the lashes to five, at the end of whippings, the Chief Justice stated in his judgment. In reaching the decision the court had excluded from consideration the question of color or race, he added.

The appeal of the crown against acquittal of "Babe" Miket, tried by Magistrate H. S. Wood, Vancouver, on the charge of being a keeper of a bawdy house, was allowed. In the lower court the case was dismissed on the ground the woman was living alone.

(Turn to Page 3, Col. 2)

Much speculation arose in political circles in Britain when Rt. Hon. Winston Churchill made an unexplained visit to Paris. This picture, speeded across the Atlantic and to Victoria, shows him as he appeared on arrival in the French capital.

CHALIAPIN DIES IN PARIS

PARIS (CP-Havas) — Feodor Chaliapin, one-time shoemakers' apprentice whose magic voice carried him to world-wide operatic fame, died here today at the age of 65.

The celebrated Russian basso long had suffered from a kidney ailment and his condition had become critical during the past few days. Attending physicians said he was in a coma for several hours before his death and suffered little or no pain.

Chaliapin was born in 1873 in a one-room peasant hut at Kazan on the middle Volga, now capital of one of the Soviet Russia republics.

He gained fame and fortune only to be accused by the Soviet press of having "sold his soul to mammon."

Briton Believed Slain in Japan

TOKIO (CP-Havas)—Lieut. A. T. Peacocke, British artillery officer who disappeared three months ago while on a skiing trip in the mountains near Nikko, was believed today to have been murdered by his Japanese companion, Masayoshi Asamura, known as an adventurer to Japanese police.

The body of Asamura was found. In a pocket was a revolver, with a number of shots fired, and Peacocke's wallet.

Inquiry Board In Cancer Field

Canadian Medical Association to Investigate Treatments Now Offered

VANCOUVER (CP)—Dr. J. S. McEachern of Calgary, chairman of the cancer control committee of the Canadian Medical Association, said Monday alleged cancer cures in Canada would soon be investigated and passed on by "an authoritative body of scientists."

In an interview Dr. McEachern said the proposed investigating board—backed by the medical association—would be under federal auspices. He hoped it would have "power to compel sponsors of cures to abide by the decision of the investigators."

He declined to comment on attempts being made by a Vancouver doctor, who prefers to remain anonymous, to treat cancer by transfusions of radium-treated blood, but said it was "one of the treatments which should first be submitted to a board of qualified experts."

"So far we have no other means to deal with cancer than the knife and radiation," he said. "The medical profession will never be satisfied until something better is discovered."

Mayor Dore Is Back in Seattle

SEATTLE (AP)—Mayor John F. Dore, given only a slight chance to recover from pneumonia a short time ago, was home from Los Angeles today. He returned to Seattle Monday. Dr. Alexander H. Peacock said his condition was "fair."

BOX SITES APPROVED

Council Authorizes Lacrosse Enclosures For Three Districts

If the proposal is feasible, the city will move the lacrosse box now in the Athletic Park into Stephenson's Memorial Park and will construct new boxes at Beacon Hill and in Victoria West.

At its meeting yesterday afternoon the City Council approved a motion to that effect sponsored by the parks committee.

The reallocation of boxes followed a discussion at last week's meeting, at which exception was taken to suggested locations.

The spots had been picked with the approval of the lacrosse association, Alderman S. H. Okell informed the council.

Seattle People Week-end Here

A large number of Seattle people came to Victoria on Saturday and spent the week-end at the Empress Hotel.

Among the visitors were Miss Helen Wadleigh, society editor of The Seattle Post-Intelligencer, and Miss Ruth Gaunt, well-known business woman of Portland.

They spent this morning at the Parliament Buildings studying the Indian lore and looking into the historical background of British Columbia. Dr. McTaggart Cowan and Dr. Kaye Lamb were their hosts.

Other Seattleites here for holidays were Mrs. A. H. Meadcroft and Miss Jane Meadcroft, Miss Eleanor Hegge, Miss Olive Russell, Miss Mabel Haugen, Miss Sally Freeman, Miss M. Sackett, Mrs. A. H. Gray and daughter, Miss Elsie Oliver, Miss Esther and Miss Elizabeth Van Horn, Miss Ann Chamberlain, Miss C. C. Cornish, Mr. and Mrs. D. Hartman, Mr. and Mrs. E. J. Beardsley and Dr. and Mrs. R. D. Forbes.

The Empress Hotel today received reservations for 60 Girl Guides from Seattle who will arrive Thursday on a goodwill visit to local Girl Guides and return to their homes on Friday.

In teaching foreign-born clinic patients the importance of nourishing foods, nutritionists find pictures and models of food helpful.

Sympathy, Not Funds, Given

City Council Declines Grant of \$3,130 to School Board For Salaries

The City Council is deeply sympathetic towards a move to have school teachers' 5 per cent salary restorations made retroactive to cover January and February, but it is by no means prepared to provide the money, \$3,130.

Yesterday afternoon Trustee P. E. George, chairman of the school board, interviewed the finance committee to request allocation of that sum to the school board as an additional budget grant. Alderman W. Lloyd Morgan, finance committee chairman, reported on the interview.

Alderman Morgan stated emphatically that school trustees, meeting the committee informally before making their final budget cut, had stated teachers' salaries would not be affected by the reduction. The alderman thought the board could make up the required sum by taking it from the building and grounds appropriation.

Alderman Ed. Williams, who introduced a motion to have the council make the additional grant, stated the school board chairman had informed the finance committee the educational group would have to take about \$5,000 out of its building and grounds account for purposes other than maintenance.

OUT OF TEACHERS' POCKETS

"He (Trustee George) gave us to understand that if this \$3,130 was not forthcoming, it would come out of the pockets of the teachers," Alderman Williams said. With Alderman Adam seconding his motion, he proposed the city provide the money. Alderman Morgan raised question over the ability of the council to provide the sum in a legal manner.

In response to question, H. S. Pringle, city solicitor, stated the council could alter the school estimates and increase them by that amount, since the rate by law had not been finally passed.

Alderman Morgan again stated he was not in favor of that action because, he said, the school board had ample funds.

Alderman Alex Peden stated he had gathered the impression that salaries would have to suffer when the board made its final cut. He supported Alderman Ed. Williams in his motion.

Finding the money was the board's business, Alderman John Worthington believed. Alderman Dewar thought the teachers were absolutely entitled to their restoration.

EXPRESS SYMPATHY

Alderman Archie Willis presented an amendment to the effect

Dress up for Easter

We're showing a grand selection of new clothes for spring and summer... snappy models for the young fellow... conservative styles for the older man. And moderate prices, of course!

the Merchant Marine. A reasonable standard of physical fitness is required.

The legion, although always strong advocate of peace, is nevertheless prepared to give its best in times of national danger and whenever called upon. Members did fine work during the war of 1914-18 and have since,

for nearly two decades of peace, kept in touch with one another through units scattered throughout the far-flung outposts of the Empire.

Any man wishing to join this unit is asked to communicate with B. F. Seed, 1517 Edgeware Road or phone E 9856. A meeting will be held as soon as possible.

feet the council should reaffirm its former stand, and voice its sympathy with the board in its wish to restore salaries from the beginning of the year.

Alderman James Adam thought the teachers were entitled to the restoration as much as any of the other civic employees.

Alderman B. J. Gadsden was "prepared to stand by the guns we first fired" when the budget was cut. He did not favor the new move. Nothing had been said, he added, about the civic employees who were making around \$75 a month.

Alderman Willis said he was very interested in the schools. On the building and grounds question, he suggested the city building inspector and the school inspector co-operate in bringing in a thorough report on the needs.

The amendment expressing "sympathy" was again presented. "That's not an amendment," Alderman Okell declared. If it were to be put, it should include a refusal to provide \$3,130, he contended.

Alderman Ed. Williams called for a legal ruling on the amendment.

NOT PROPER
Mr. Pringle stated in his opinion it was not a proper amendment.

The amendment was declared in order by Mayor McGavin and was carried, with the mayor, Aldermen Gadsden, Worthington, Morgan, Willis and Dewar voting for it and Aldermen Peden, Davies, Okell, Williams and Adam in the negative.

The formation of a local unit of the Legion of Frontiersmen is being championed in this city by F. B. Seed, veteran member, and a number of other interested parties. Permission to that end has been secured from the Dominion headquarters, Edmonton.

This self-governing body of British citizens, nonpolitical, banded together to serve the Empire in the times of emergency and its aims are to practice and develop nonmilitary training as a recreation and education, assist in recruiting for His Majesty's Forces whenever necessary and assist in gathering and spreading information regarding the British Commonwealth of Nations.

The Legion of Frontiersmen is affiliated with the Royal Canadian Mounted Police. To qualify for membership in this organization one must be a British subject of European descent, who has lived or traveled outside of the British Isles or who has served in any of His Majesty's Forces or

FRANCE ENDS-TIE-UP OF AVIATION PLANTS

(Continued from Page 1)

One of the five who voted against Daladier was his old enemy, Jean Chippie, Rightist ousted by Daladier as chief of police of Paris February 3, 1934, just before the fatal riots at the height of the Stavisky scandal. The others were three independent Leftists and one Union Socialist.

APPEAL TO PATRIOTISM

In his ministerial declaration M. Daladier appealed to the patriotism of the thousand of strikers, exhorting them to end the tie-up of France's national defense factories.

He urged them to trust the government to prevent a recurrence of "the old privileges"—apparently his promise to the workers against mass dismissals or general pay cuts.

The ministerial declaration, approved by the cabinet, asked the strikers to evacuate the more than 120 plants they had occupied. It promised their grievances would be settled by legal means and reminded them the serious international situation made it imperative there be no interruption in the manufacture of arms.

Announced measures included a proposed special tax on industries producing national defense material—to prevent excess profits—and a general revision of customs tariffs.

CHALIAPIN DIES IN PARIS

(Continued from Page 1)

Interviewed in Paris, he once said:

"I left Russia without a cent, and was obliged therefore to sell my soul to the devil. Yes, I sold it, and it is not my fault. . . . I pay no attention to these accusations as I have been bullied by the press on all sorts of occasions."

As a basso in the role of Metaphisopheles he became one of opera's greatest Satans. It was generally conceded Chaliapin's voice attained its peak in that role.

The great basso was honored with the title of "People's Artist" by the Soviet government, but was divested of it in 1927 and a year later his summer estate was converted into a home for red pioneers.

In 1932 he said he would never again sing in Russia, but expressed the wish to be buried in his homeland when he died.

Chaliapin, arriving on the British Columbia Coast from the Orient, passed through Victoria about nine years ago. He sang in Vancouver and then proceeded east.

Donald Duck Gets Best Gags

Mickey Mouse Crowded in Walt Disney's Screen Family

By DAN DE LUCE
 Associated Press Staff Writer
 HOLLYWOOD (AP)—Walt Disney, Mickey Mouse's papa, is like the old woman who lived in a shoe. He has so many brain children he doesn't know what to do.

While other film studios are cutting out jobs and slackening production, Disney's plant employs more than 700 workers—a record number.

Mickey, who made his first hit 10 years ago, is still the No. 1 star. Disney says so. But Mickey was almost crowded out as the Disney family grew.

As Disney sees it, Donald Duck and other upstarts have been getting the best gags. Unintentionally—the animators slighted Mickey. Donald now is an established star.

Pluto and Goofy, the dogs, have won popularity. Wilbur, the grasshopper; Gus, the Goose, and Donald's three duckling nephews, Huey, Dewey and Louie, are on the upswing.

The Three Little Pigs are coming back—with the Big Bad Wolf. This time they will use a lie detector to foil the wolf, who by now has three little wives.

A Disney ambition is to animate cartoons to fine music. He had Leopold Stokowski record "The Sorcerer's Apprentice" recently, but the story has yet to be drawn.

"I never cared a hoot for music when I was a kid," says Disney. "But I might have if I'd heard it in a cartoon."

LASHES ARE CUT TO FIVE

(Continued from Page 1)

LOSES ACCIDENT CLAIM

Eileen McDermid, appealing a Supreme Court ruling by Mr. Justice Robertson, in Vancouver, which gave judgment in favor of the defendant, Carmen Bowen, in an automobile accident, lost her appeal, with Mr. Justice O'Halloran dissenting. The appeal was heard a second time owing to the death of the late Mr. Justice McPhillips prior to delivery of judgment.

The court allowed the appeal of the Caledonia Insurance Company against a Supreme Court judgment by Mr. Justice Murphy granting Mrs. Margaret S. Anderson's claim arising out of an automobile accident in which Mrs. Anderson's car, driven by a young boy, was involved.

In another accident case, the appeal of Russell Paget against Mr. Justice Murphy's ruling granting George R. Wood \$2,715 and dismissing Paget's counter claim, was dismissed. Mr. Justice O'Halloran dissenting.

The appeal of Alfred E. Bull in a case seeking a judicial interpretation regarding the rights of an unborn child in an estate case, was allowed. The action was taken before Mr. Justice Manson in Supreme Court. His decision would make allowance for the child. Mr. Bull appealed to secure a definite interpretation of the will which showed, as beneficiaries to the \$1,000,000 estate, the late David Sloan's second wife and three children of the prior marriage.

Judgments in the cases of Rex vs. Banta Singh, the Attorney-General of British Columbia vs. Cowen, Power vs. Hughes, and Rex vs. Yuen Yick Jun will be handed down later.

In an earlier stage of evolution birds were five-toed creatures; now the different birds have two, three, or four toes.

CHAMBERLAIN TO SEND MINISTER TO VISIT MUSSOLINI

(Continued from Page 1)

the last two and a half years had not been dispelled.

ITALY AND LEAGUE

In Geneva, the British move to bring the question of recognition of the Italian conquest of Ethiopia before the League of Nations Council May 9, was interpreted hopefully as the forerunner of an effort to bring Italy back into the League.

The speed with which negotiations have progressed since March 13, when Chancellor Hitler proclaimed his annexation of Austria, encouraged some quarters to believe Mussolini is anxious to relax his ties with Germany. Others contend Mussolini is hoping the British against Germany, endeavoring to increase his bargaining power with the Fuehrer, due to visit Rome three weeks hence.

The Ethiopian legation announced Haile Selassie, the exiled Emperor, would oppose Britain's move at Geneva with all his power.

By GEORGE HAMBLETON
 Canadian Press Staff Writer

LONDON—The new Anglo-Italian agreement, it is expected, will be signed by the end of this week. The pact will take the form both of an agreement and an exchange of letters between the two governments. The agreement will deal with Spain, with the general situation in the Mediterranean and the Near East, and with recognition of Ethiopia.

On Ethiopia, Rt. Hon. Clement Attlee, leader of the opposition, in the House of Commons, today sought information on a current rumor that Great Britain is preparing to make a deal with Italy to take over part of the old empire of the Negus.

"Is it a fact," Mr. Attlee asked Prime Minister Chamberlain, "that in the Anglo-Italian conversations a request has been made for the incorporation of some Abyssinian territories in adjacent British territories by way of friendly rectification or otherwise and reaffirmation of British rights in relation to Lake Tana?"

NO INFORMATION NOW

"As I have more than once said, the Prime Minister replied,

"I am not now in a position to give information with regard to the subjects under discussion." The Labor leader pressed the question again.

"Is it not possible?" he asked, "to give a specific denial to this allegation, which has been made in many quarters, that His Majesty's government are prepared to make a profit out of the sufferings of Abyssinia?"

Mr. Chamberlain—I am not aware of any such absurd rumor. It is not practice to discuss details of negotiations before they are concluded.

Mr. Chamberlain from the beginning has taken the ground an agreement is conditional on settlement of the Spanish question. British observers interpret this as meaning either Italian troops must be withdrawn following a victory by General Franco, or, if the insurgents fail to win quickly, then the agreement will be effective at a date in accordance with arrangements under consideration—by the Nonintervention Committee for the withdrawal of volunteers.

By undertaking an exchange of information on bases and fortifications, the agreement will seek to check the arms race in the Mediterranean. It will reaffirm the interest of both countries in freedom of communication via the Mediterranean and the Suez Canal.

The London Daily Herald, Labor said Soviet Russian and Chinese refusal to recognize at Geneva Italy's Ethiopian conquest might kill the projected Anglo-Italian agreement before it could take effect.

DECISIVE BATTLE ON CENTRAL FRONT IN CHINA IS EXPECTED

(Continued from Page 1)

know. He said they were enlisted men, not sworn to the Sumurai code. Asked what would happen to them when peace came, he replied:

"Enlisted men captured probably will kill themselves when released or be court-martialed."

He said he knew of no case in the present war of a Japanese officer committing ceremonial hara-kiri after capture.

During the Japanese-Chinese conflict at Shanghai in 1932 Major Koga, captured while unconscious and later exchanged, returned to the spot of his capture and shot himself, thereby winning the approbation of the whole Japanese army and becoming a national hero.

(The Japanese army code of suicide rather than capture is comparatively recent. Hundreds of soldiers were captured by the Russians in the war of 1904-5 and returned home after its close without suffering any stigma.)

No Medical Test For Food Handlers

NANAIMO (CP)—A request by the Nanaimo Council of Women asking regular medical inspection of persons handling food in the city, was turned down last night by the City Council.

The councillors said they believed they would be unable to enforce continuous examination should the plan be carried out. Labor organizations were granted the right to hold parades and demonstrations April 30. A previous request for a similar program on Sunday, May 1, had been turned down.

Nanaimo's fire prevention by-law was amended to provide for a \$2.50 charge for inspection of all oil burning stoves or furnaces installed in the city.

BRITISH M.P. FLAYS HITLER

Locker-Lampson Scores Nazis in Debate on Refuge For Jews

By I. NORMAN SMITH
 Canadian Press Staff Writer

LONDON—Commander Oliver Locker-Lampson delivered a bitter attack on Chancellor Hitler in the House of Commons today. He was seeking to introduce a private bill which would assist harassed Jews in middle Europe to obtain nationality in Palestine.

Commander Locker-Lampson, a Conservative member, who is known as an anti-Bolshevik and an anti-Nazi, said the world still was shuddering from the annexation of Austria. It marked a continuation of the career of "the big bully of Europe in spoliation and gobbling."

"We are told Hitler's person is chilly," he declared. "In personal correctness he neither smokes, nor eats, nor drinks. If he did I think he might be more human and less dangerous; and like other dictators, more anxious to take someone else's conscience than his country."

In bringing another 7,000,000 under his iron heel, he has intensified the problem of Jewry all over the world. His policy is to wipe out 300,000 innocents who have never done him or others harm. Some are among the most eminent people in the world, who have made Austria a sort of artistic centre of Europe."

TREATMENT OF FREUD

Among these eminent Jews, Commander Locker-Lampson named Sigmund Freud, the father of psychoanalysis. He pointed out the psychologist is more than 80 years old and "dying with half his jawbone removed."

"In spite of being old and dying," he continued, "the Nazi masters have nevertheless deprived him of his liberty."

The commander deplored what he termed the government's lack of grip in relation to "The Promised Land—perhaps too much promised."

"We should never have taken marching orders from Mussolini," he said.

The speaker said he was not going to blame the Jewry problem on the British government. He continued:

"I should like to give the persecuted Jew in Europe a chance if he wants to become a subject of Palestine. Why should Jews in Poland, for instance, who cannot move to Palestine not be able to take up extra-territorial citizenship and become protected persons under mandate and free men of the state, paying a fee to Palestine which would again make it a land flowing with milk and honey."

"Hopeless and unhappy, these tragic wanderers should not look in vain to us for sanctuary."

Clifton Brown, Labor, opposed the introduction of the bill, saying it would inflame the fires of patriotism in Palestine still further. Moreover, Parliament had no jurisdiction beyond the mandated territory; and to pass such a law would make the House of Commons look foolish.

The House divided on the motion to introduce the motion, 144 to 144, and the Speaker cast his deciding ballot in favor of the bill "so the members may deal with it as they think fit."

The bill now goes on the order paper. It may or may not arise for further action this session.

FRANCOISTS CLAIM GAINS IN DRIVE

(Continued from Page 1)

reported today to have broken the solid front of the Spanish insurgent drive through Catalonia to reach the Mediterranean.

A Barcelona government communique said militiamen, who held up the insurgent offensive for a week, had taken the initiative and recaptured the village of Vallbona.

That small village, near the head waters of the Serbol River, is about 12 miles behind the Tortosa-San Mateo line established by the insurgents. It is 25 miles inland from Vinaroz, one of the important coastal objectives of the insurgent drive, on the south-east edge of Catalonia.

VIOLENT FIGHTING

The communique also reported the conquest of "many heights in the sector where the enemy had concentrated their most powerful forces." The fighting up the narrow river valley was described as of "extraordinary violence."

The regiments of insurgent General Garcia Valino, however, reported the capture of the village of Becete in the Becete Pass between the Montenegro and Razas mountain ranges, which guard Tortosa to the south of the Ebro River.

Insurgent reports said 1,000 government militiamen were killed in the fighting about Becete, including many English, French and Poles.

Two Vancouver Women Robbed

VANCOUVER (CP)—Two women reported today they had been attacked and robbed by thugs Monday night.

Mrs. Mae Scott's purse was snatched from her hand by a man who made his escape with \$13. Mrs. Betty Bergdal was overpowered by a man in the east end and robbed of a purse containing \$60.

Denials Heard At Inquiry

Dr. F. H. C. Baugh Testifies at Sanitarium Hearing at Guelph, Ontario

GUELPH, Ont. (CP)—Dr. F. H. C. Baugh of the Homewood Sanitarium staff today told the royal commission investigating Homewood affairs that evidence given by Angus McIntosh, Montreal exporter, about his treatment at the institution was either "a falsehood or a delusion."

Questions addressed to Dr. Baugh by R. S. Robertson, K.C., counsel for Homewood, provoked a lengthy argument between counsel.

Thomas Vien, counsel for McIntosh, and C. L. Snyder, commission counsel, objected to Mr. Robertson questioning Dr. Baugh about McIntosh's sanity because he had been declared a sane man by the courts.

(Earlier in the inquiry McIntosh had claimed he was wrongly detained at the institution and had been badly treated while there.)

DRUG DENIAL

"I would say he exhibited delusions of persecution," testified Dr. Baugh. "He said I drugged him, which I know was untrue. It was either a falsehood or a delusion."

He added McIntosh "seemed to me self-satisfied and egotistical and in general exhibited symptoms of paranoia."

"He said that you said 'We got you by drugging you.' Did you say that?" asked Mr. Robertson. "I did not," replied Dr. Baugh. Counsel continued that McIntosh had charged Dr. Baugh said to him "You are here for keeps. We need fellows like you to fill up these rooms."

"It is a falsehood. I made no such statement," said Dr. Baugh.

New Clues To Torture Slayers

Articles Believed Part of Luggage of Murdered Frome Women Found

EL PASO, Texas (AP)—Officers seeking the brutal slayers of Mrs. Weston C. Frome and her daughter Nancy were spurred today by discovery on the west Texas desert of articles which may prove to be part of the luggage of the murdered women.

An elusive man and woman, sought by Rangers and other officers through the international border section from Eagle Pass southward past Laredo to Zapata, bobbed into the picture again with discovery of tracks where the articles were found.

An eye shade, a perfume receipt issued in Mexico City, a towel, a California newspaper, a half burned cigar, and the tracks of a man and a woman were found a few hundred yards off the old Spanish trail near Balmorhea.

Sheriff Louis Robertson of Pecos said the half-burned cigar would be sent to the crime laboratory of the Department of Public Safety at Austin in an effort to determine if it had been used to torture Nancy Frome.

Mrs. Frome was 46 and her daughter 23.

MANY SEE WHITNEY GO TO SING SING

(Continued from Page 1)

as president of the New York Stock Exchange, were Albert Cain, sentenced to serve from one to three years for attempted extortion, and Richard Alson, sentenced to a two-to-four-year term for second degree assault.

Even with time off for good behavior, it will be three years and four months—August 11, 1941—before Whitney may be a free man again. When he is released his old profession in which he attained the heights and depths of success and failure, will be closed to him. Yesterday Supreme Court Justice Julius Miller signed a consent order on the complaint of the Attorney-General, permanently enjoining Whitney from selling securities in New York. Whitney agreed to the order during the sentencing proceeding.

 1212 DOUGLAS ST. E 1023

how for 10 days following his arrival at Sing Sing Whitney would be examined by a psychologist, a psychiatrist, industrial officer, school teacher, chaplain and by prison physicians. He will be under constant supervision, forbidden to mingle with his fellow prisoners, forbidden to send or receive mail. He may be permitted to do a little work such as loading and unloading cars or shoveling coal.

Later he will be assigned to some occupation, perhaps to clerical work, and in six or seven months will be assigned to a cell in the new block where prisoners have radios and greater freedom. All his mail will be censored. After 10 days he may receive visitors and spend as much as \$3 a week in the prison store. His pay will be anything from 5 to 25 cents a day, little enough for a man who spent at least \$5,000 a month for living expenses for himself, his wife and two daughters and 41 servants and may have spent more.

NEW HEARING

WASHINGTON (AP)—The Securities Commission has called another hearing into the affairs of Richard Whitney, former president of the New York Stock Exchange.

The hearing will be the first in Washington, but there have been preliminary hearings in New York. It was said to be for the purpose of determining what, if any, new regulations are necessary to prevent similar cases in the future.

VIENNA (AP)—Gen. Wilhelm

Zehner, former commander of the Austrian army, committed suicide in his Vienna home today.

Gen. Zehner headed the tribunal which condemned to death a number of Nazis in connection with the July, 1934, putsch and the assassination of Chancellor Dollfuss.

The motive for the suicide was not established.

TUESDAY, APRIL 12, 1938

The Anglo-Italian Pact

ONE OF THE PROVISIONS OF THE Anglo-Italian agreement, which it is expected will be signed this week, will be the British government's recognition of the conquest of Ethiopia. It also is understood that Britain has insisted on the withdrawal of Italian troops from Spain after Fascist Franco has won the civil war.

What Great Britain does about Ethiopia at this stage matters very little. If she has agreed to revoke her former decision to deny Italy recognition of her new empire, that is her business, something for which the present government at Westminster will have to accept full responsibility in the political or academic sense. The fact that former Emperor Selassie's troops are still harassing Emperor Victor Emmanuel's soldiers in the "conquered" country is beside the point.

Questions asked today by Major Clement Attlee, leader of the Labor opposition in the House of Commons, however, are worth noting, not only for themselves but also for the replies they drew from the Prime Minister.

Mr. Attlee: "Is it a fact that in the Anglo-Italian conversations a request has been made for the incorporation of some Abyssinian territories in adjacent British territories by way of friendly rectification or otherwise and re-affirmation of British rights in relation to Lake Tana?"

Prime Minister Chamberlain: "As I have more than once said, I am not now in a position to give information with regard to the subjects under discussion."

Mr. Attlee: "Is it not possible to give specific denial to this allegation, which has been made in many quarters, that His Majesty's Government are prepared to make a profit out of the sufferings of Abyssinia?"

Mr. Chamberlain: "I am not aware of any such absurd rumor. It is not the practice to discuss details of negotiations before they are concluded."

Not until the details of the pact have been made public, of course, will it be possible to comment intelligently on what Great Britain has got out of the deal which obviously did not appeal to Rt. Hon. Anthony Eden.

On another matter in the House of Commons today, incidentally, Mr. Oliver Locker-Lampson, Conservative member for the Handsworth division of Birmingham, remarked that Britain "should never have taken her marching orders from Mussolini."

How many rounds in the "conversational" bout between London and Rome Mussolini will win remains to be seen. In the first round he has apparently triumphed on all points. He had devoted much to pressing home the urgent need of British recognition of Italian conquest in Ethiopia. What the League of Nations does about this matter is now of little consequence. The Geheva body, as far as Britain is concerned, is minus any teeth it once possessed — and the British government supplied the anaesthetic for the final extraction.

Mrs. L. A. Heisterman

FOR MORE THAN 60 YEARS MRS. Laura A. Heisterman had lived in Victoria, and her death yesterday, at the age of 96, removed another of that fast-dwindling band who had seen this capital city of British Columbia grow from an inconspicuous village into its present importance. For the best part of her life Mrs. Heisterman had lived among her children and their offspring. She had seen them grow from tiny tots into men of substance in the community and into women of much charm—all devoted unstintingly to humanitarian works and every cause for the common good. Those who are left will miss her kindly ministrations and the beneficence of a broad philosophy which sustained her through the years.

Victoria's Musical Festival

THOSE RESPONSIBLE FOR VICTORIA'S Musical Festival have every reason to be in a happy frame of mind over the manner in which entries have come in for this season's event. When it opens on May 3 the number of participants will show a 10 per cent increase over last year's turnout—nearly 800 in comparison with 720 last year.

One of the most gratifying features of this 1938 festival will be the number of competitors from the mainland of British Columbia and from the United States. Entries have been received from two Portland, Ore., choirs, the Hinson Memorial Choir and the Munday Musical Club. There are also 15 registrations from Tacoma, and several from Wenatchee and Seattle.

At the risk of mixing the mercenary with the cultural, it may be properly said that the expanding international flavor which is marking these annual musical festivals will mean a complementary growth in the number of visitors from other parts of the continent to this city, in itself a definite advantage to us locally.

The large number of entries for the festival this year, moreover, furnishes its own commentary on the organization work which has been put in by its sponsors. They should be assured of all the support they need from the music-loving public of the city and district.

How Not To Be Entertained

COULD THE MOVIES STAND JUST A little more evidence of the force of adult ideas behind them without suffering a drop in their entertainment value?

The question suggests itself after reading the annual report of Will H. Hays, president of the Motion Picture Producers and Distributors. "The Czar" can only be applauded for his exhortation to the industry to stifle its impulses to use its talents for propaganda, and his reminder that "the function of the entertainment screen is to entertain." But just how narrowly should the industry permit its efforts to be confined by its desire to carry out these ideas?

Propaganda with a capital P can ordinarily be detected instantaneously in any form of art. An overzealousness in attempting to avoid it, however, can induce a kind of oversensitiveness in the faculty of detecting odors, and lead to the indiscriminate rejection of all material bearing the faintest scent of an idea.

It might be good to suggest in a tactful way to motion picture producers that evidence of some intent beyond the production of entertainment in its more shallow sense does not necessarily imply the presence of propaganda. It might be good to remind them that the legitimate stage a few years ago discovered, greatly to its profit, that theatre-goers long undernourished on theatrical whipped desserts would stampede a show that served them something into which they could get their teeth.

It might be well to remind them also that effort toward no end but entertainment in a superficial sense is as likely to produce exceedingly dull fare as effort toward no end but propagandizing. Entertainment is more than skin deep. It is to be hoped that a propaganda phobia in Hollywood will not consign to the ash-can the kinds of ideas that brought us such pictures as "All Quiet on the Western Front," "Dead End," "Zola," "The Man Who Reclaimed His Head" and "Winterseet."

Good-bye, Gay Vienna

ONE OF THE MAJOR TRAGEDIES OF the Hitlerization of little Austria is the certainty that the be-good-or-be-beaten discipline that the Nazis so dearly love will be imposed on her capital—Vienna, where for many centuries good food, beautiful women and gay dancing have been considered among the most important things in life, may feel the puritanical influence of the Nazi reform mania.

Wiener schnitzel will be broiled in some imitation butter, because the Nazis must have guns instead of butter. The beautiful women will be sent to camps to learn farm work or they may be told that their place is forever in the home, for they must be ready to do their solemn bit when the big war comes.

Leisure, long looked upon as an art in Vienna, will of course be something to be forgotten, for there can be no unemployment—much less anything like leisure—in a Nazi state. In short, the Viennese must stop having fun and be quick about dedicating their lives to the greater glory of Herr Hitler and his ideas of how the world should be run.

So for the present: Hell Hitler, Vienna, and forget all those champagne parties, grand balls, and the light and carefree spirit that made you famous. As the capital of a Nazi state you now have a mission, and the fulfillment of that mission leaves no room for the enjoyment of life.

Notes

Diplomatic doctors report that Hitler is bluff, hell and party.

Making an alliance in the old world these days is a great gamble. One never knows if one is acquiring a supporter or only running up a bill.

A high school pupil in a test replied that the North Pole was named after its discoverer, Marco Polo. Mussolini may seize upon this as grounds for a claim to the territory.

Somewhere in these negotiations with Mussolini it is going to come out that one of the conditions is that Britain should "lend" Italy a few million pounds. Slogan for Britishers then will be "Buy British and help finance England's loan to Mussolini."

USEFUL SOCIAL WORK

From West Coast Advocate, Port Alberni
The forestry camp plan was a brain-child of Mr. Hugh Savage when he was a member of the Legislature. It was adopted by the Pattullo government and carried into execution by the Department of Lands and the Department of Labor, under the wise care of the Forestry Department.

That is one phase of it. The other is that these men have been doing useful work—work that was badly needed. Go out to Stamp Falls or over to Little Qualicum River and see what a heritage the public has received through their labor. Nature adorned in the woods is very lovely but is only accessible to the few who wish to climb dizzy heights and tortuous paths. Today they are for all. Also they are going to be nurseries of the government's reforestation policy.

Sixty thousand trees have been planted by men in one of the camps on the east coast of the island this year. They cover about 10 acres but in years to come seed from these will cover over 30. This sounds pitifully small in comparison with the great stretches of logged-off land but is a beginning and it has been done under careful supervision. No land has been planted with trees that will pay for cultivation.

To visit these camps, to see what these men have done, and to hear of the spirit in which they have done it, is to re-capture that faith in the future that seems to have so lamentably failed us in the past few years.

Loose Ends

By BRUCE HUTCHISON

CARS AND TAXES

THE UNIVERSAL cry among politicians and public in British Columbia is that taxes are too high and that we can't pay the cost of government. Upon this question a certain vivid light was thrown in the newspapers the other day. They showed that there are now 100,000 automobiles on the roads of this province. Figuring the cost of operating a car at \$400 a year, which is rather too low, including depreciation, you can see that British Columbia spends around \$45,000,000 a year on motoring.

This is one and a half times the total revenue taken in by the provincial government. We also spend some \$16,000,000 on liquor, or half the total revenues of the provincial government. And most of all this money goes outside British Columbia for good, a dead loss. Whereas most of the government's money, apart from debt interest, stays right here.

Don't ask me what these facts mean, but they evidently mean something. Perhaps they mean that people prefer automobiles and liquor to government. Perhaps it is a wise preference.

GUESSES

THE AMERICAN Psychological Association persuaded several hundred prominent men a year ago to write down their expectations concerning world events. These guesses as to the future were sealed up tight in a box and were opened the other day. So far only one event on which the eminent guessers guessed has been settled, and on this—the decision of Congress on the reorganization of the U.S. government—56 per cent were wrong.

In a few years it will be possible to see how the guessers fared on the other questions submitted to them. They guessed on the prospects of war, the position of the United States in it, the probability of a dictatorship of some sort in the United States, and the future of Fascism. The accuracy of their future guesses is indicated by the fact that half of them predicted the Loyalists would win the war in Spain.

Indeed, the only assurance about these eminent guessers is that all of them, when the events in question have been settled, will turn out wrong. It is foolish and unkind to put prominent men on record this way, for there is only one certain thing about the current situation in the world, and that is its uncertainty. There is only one fact that statesmen and individuals can count on. It is that you can count on nothing, that everything will turn out as no one expects now.

All of us count unconsciously on certain developments—war in Europe, conquest of China, return to normal conditions (whatever they may be), higher wages, world communism, or world fascism or world democracy, a new car or something. But it won't turn out as we expect.

Whatever happens it won't be according to any pattern that we can foresee. Everything has turned out as nobody expected in the last 10 years. Yet experts cheerfully make guesses about the next 10 years, and people like you try to manage their affairs in advance, as if they could count on anything. Well, there is one other thing you can probably count on. Things won't be quite so bad as you expected. Not quite.

HUMBLE MAN

J. B. S. HALDANE, the great British biologist and thinker, one of the ripest minds in the world today, has written down his views on life in general, but he adds that his views on politics and economics are so ignorant that they are not worth stating.

This observation should be written in letters of gold and framed somewhere in the heavens. It is the first admission of the sort on record. Professor Haldane is unquestionably the first man in all history who has admitted that he doesn't know about economics and politics, though he knows far more than most statesmen. If there is another such man I have never heard of him. Certainly I have never talked with him.

I have never talked with any man, and I dare say you haven't either, who didn't think he knew how to run the country. I have never seen a man so ignorant that he didn't have some positive view on the economic system, if it were only the view that he should be getting more out of it. No man but Professor Haldane is so poor or ignorant or half-witted that he can't get aroused over some obscure fact of politics, that he can't curse the government of the day or damn the banks or blame the Communists for the depression.

And more than that, he goes out and votes, without knowing what he is voting for or why, which is the silliest system in the world but the best we have found yet. Apparently you have to be a great man like Haldane, a man of prodigious learnings in many fields, to realize that you don't know much. Most of us are saved from that empty feeling. Most men I know are never troubled in the least by their total ignorance of everything important. I have never seen a voter who hesitated to go to the polls because he didn't understand politics and economics. I have never known a man who declined to vote on the tariff, for example, because he didn't understand the finer points of economics.

There is a tremendous valance in ignorance. It is only when you know something that you begin to have doubts. This, happily, is a misfortune which few of us will ever experience.

There are two ways to get rich: Have a thrifty wife who will help, or make money faster than she can spend it.

GROWTH OF THE CIGARETTE

From St. Catharines Standard

There were 476,291,960 cigarettes released for sale in Canada during February, 50,000 more than for the same month in 1937. It was not so many years ago when a principal of a collegiate referred to the habit as "a fire at one end and a fool at another," quite apropos for youth then and now, but likely to be resented at almost any gathering of women in the present era.

Halifax Doubts "Sinister Intentions" Towards Austria

By J. PITCAIRN HOGG

III
WITH respect to the desire for union on the part of Austria and Germany respectively the situation has changed since the years immediately following the war. Germany, as represented by Hitler, was determined, by intrigue or by force or by a combination of both, to bring about the incorporation of Austria in the German Empire. Austria, as represented by Schuschnigg and his supporters, was equally determined to prevent such an eventuality. This determination on the part of the Austrian government was intensified by Hitler's treatment of the Roman Catholic Church. Yet no doubt within Austria there existed a considerable group to whom union with Germany made a strong appeal, and with the members of this group the German intrigue was carried on.

Meantime, it suited Hitler to dissemble and to hide his real intention. Accordingly on May 21, 1935, he made the following declaration in the Reichstag: "The German Reich has no other wish than to live on friendly and peaceful terms with all neighboring states. We entertain these feelings not only to larger states but also towards the neighboring smaller states. . . . Germany neither intends nor wishes to interfere in the internal affairs of Austria, to annex Austria, or to conclude an Anschluss."

But in the same speech Hitler used these significant words: "It is sometimes much easier to sign treaties with the mental reservation that one will reconsider one's attitude at the decisive hour than to declare one's adherence to a policy which serves the cause of peace."

Having this mental reservation in mind, Hitler proceeded on July 11, 1936, to sign a treaty with the Austrian government. It, he figured, would be accepted at face value by certain gullible statesmen, and it could readily be dishonored when the decisive hour arrived. Here is the treaty in part:

"It is therefore declared: (1) In the sense of the statement made by the Fuehrer on May 21, 1935, the German government recognizes the full sovereignty of the Federal State of Austria.

(2) Each of these two governments shall regard the internal political conditions of the other country including the question of Austrian National Socialism as a domestic concern of that country upon which it will exert neither direct nor indirect influence."

On the day following the signing of this treaty a German official commentary thereon appeared in the Reichsport as follows: "These declarations unequivocally confirm from the most authoritative source in Germany the fact which certain circles have felt themselves constrained to doubt. At the same time it is affirmed by the agreement once and for all that Austria as well as Germany reciprocally recognize and respect each others' internal political conditions and that in so far as national Socialism in Austria is concerned direct or indirect intervention or interference is to be stopped."

Having taken these steps to allay suspicion, Germany without the slightest interruption continued her intrigues with Austrian Nazis and intensified her efforts to undermine the Schuschnigg government. It took but 15 months to perfect her plans. Then, dishonoring both the treaty and his solemn declaration, Hitler demanded the nazification of the Austrian government, and coupled his demand with an ultimatum and a demonstration of military might. Hitler asserted that the Austrian people were German and desired to be united with the German Reich, and that this Austrian desire was not to be frustrated. Schuschnigg sought to put that assertion to the test of a plebiscite. But Hitler, in order that his projected seizure of Austria might not be made in the face of a popular vote adverse to Germany, gave the order to his troops to enter Austria and proclaimed its annexation.

Schuschnigg's last words as

MEN'S SOCKS of botany wool. Reinforced heels and toes. Many patterns. Sizes 10 to 11½. **50c**

SPRING SHOWERS

Anna Holm Pogue in Cycle
When Spring has touched the tops of the alder thicket
With laciness, and velvet softly cloaks
Each pussy-willow bud, the sun provokes
The clouds to abdicate; a yawning wicket
Releases the captive rain. Fore-told by cricket
Heralding, a slant of silver soaks
Forgotten mould beneath the leafless oaks;
Till valiant lily-fronds push up to prick it
Through and through with stars of fragile bloom.
The liquid benediction of the shower
Distills to limpid nectar in each flower;
And safely in a petal-primed room
Each chalice keeps a hostage drop of rain
In bondage—till the showers come again.

EASY TRAINS TO CATCH

From Brockville Recorder and Times
Knowing something about the speed of trains on the P.E.I. Railway, it is not all surprising to learn that the stork should have overtaken one of them en route to Charlottetown and delivered a thirteenth child to a woman passenger in the day coach.

CONFEDERATION CLINIC

J.B.M.'s Rowell Commission report from Edmonton in Winnipeg Free Press.
R. H. Milliken, Regina K.C., spoke for the Canadian Chamber of Agriculture. They want the B.N.A. Act so doctored that marketing laws enacted in Canada will stand up in court. By a marketing law is meant one which controls the sale of a farm product in the home or export market or both. Court decisions make it clear that neither the Dominion nor a province can make such a law stick. This is because "property" is a provincial subject and "trade" is a federal subject.

One proposal submitted is that "marketing" should be expressly assigned to the Dominion by the B.N.A. Act. Mr. Milliken has another idea. It is that Dominion and provinces should be given "reciprocal" power to pass enabling laws so that by joint action they may control marketing. Mr. Milliken's brief was well argued and documented.

Better English

1. What is wrong with this sentence? "I knew it as well as her."
2. What is the correct pronunciation of "tensile"?
3. Which one of these words is misspelled? Correspondent, descendant, defendant.
4. What does the word "impassive" mean?
5. What is a word beginning with l that means "length of life"?

Answers
1. Say, "I knew it as well as she (knew it)." 2. Pronounce it as in ill, not as in file. 3. Defendant. 4. Not susceptible of pain or suffering; unmoved. "Impassive as the marble in the quarry."—De Quincey. 5. Longevity.

Parallel Thoughts

City Council Briefs

After hearing a report stating that 316 dogs were destroyed last year, 90 by request and on payment of a fee by their owners, the City Council yesterday decided to leave the pound question under the jurisdiction of W. H. Warren, parks superintendent. The report further stated that 18 dogs had been picked up last year in Beacon Hill Park and had been returned to their owners. No stray dogs were destroyed if their owners could be located. Alderman James Adam, parks committee chairman, told the council. Alderman John A. Worthington had suggested the department be placed directly under the city engineer, and had raised question over possible lack of tact on the part of the parks superintendent in meeting the dog-owning public.

Agents for premises at 119 Howe Street, who, the mayor stated, had threatened to get out an injunction to restrain the city from carrying out a demolition order, were given a 30-day extension of time in which to determine whether or not their renovation plans would be approved by the zoning board of appeal. T. E. Lancaster, sanitary inspector, stated the property was in a bad state of repair and that the city had delayed as long as possible in answering requests from neighbors to have it removed. D. K. Kennedy, building inspector, said he had visited the premises with the agents and had agreed to consider approving improvement to the existing building if such improvement was satisfactory to the zoning board of appeal.

On the recommendation of the health committee, the council endorsed a move to give the Chinese Hospital a monthly grant of \$50 to care for patients up to the number of four. Any patients above that number would call for a supplementary grant of \$10 a month apiece.

A grant of \$5,000 on account of any further sum to be given to the Vancouver and Island Publicity Bureau for the current year was endorsed by the council, as was one for \$202.03 to the Children's Aid Society for 1937.

The resignation of Cyril Norman, internal auditor, was accepted with regret.

Acceptance of the Macdonald Electric Company tenders for 2,000 50-watt 8-volt lamps and 800 400-candlepower lamps, at prices of \$608.58 and \$1,163, respectively, was ordered. Tenders for supplies and a new car for the fire department were turned over to the fire warden and the purchasing agent for a report back to the council.

Painting of city-owned buildings on the lower section of Johnson Street will be considered by the lands committee, at the suggestion of the mayor.

On a motion by Alderman Worthington, the council decided to prohibit picking of wildflowers in the territory around Thetis Lake. Notices to that effect will be posted there. Alderman S. H. Okell spoke of the vandalism of certain people who had taken great quantities of flowers from the area.

Authority was granted the city engineer to purchase a new filing cabinet and a new meter, and permission to proceed with the Stoney Creek syphon renewal was given by the council.

A claim for injuries sustained by Mrs. T. Hope, who fell on a city sidewalk, was referred to the city solicitor and the relief committee, while another from Mrs. H. B. Witter was turned over to the solicitor and the city engineer.

Sales of five parcels of land, one on the southeast corner of Rockland and Oak Bay Avenue for \$700, a second on the south side of Selkirk Avenue between Burleigh and Coventry for \$150, a third on the west side of Government between Michigan and Toronto for \$200, a fourth on the south side of Rockland between Cook and Vancouver for \$400, and a fifth on the north side of Pandora, between Vancouver and Cook, for \$650, were authorized on the recommendation of the lands committee. The same committee was supported in two demolition recommendations and on a suggestion to remove the canopy from the old Variety Theatre.

Stores to Close Only Good Friday

Retail stores in Victoria will be closed on Good Friday, but will be open for business on Saturday and Monday it was announced today by George MacDonald, president of the Retail Merchants' Association. Owing to the holiday Friday the usual half-holiday will not be observed tomorrow.

MARMITE

THE GREAT BRITISH YEAST FOOD!

Enjoy Good Health this Easy Way

You can virtually eat your way to good health—or you can “dig your grave with your teeth”. It depends on your food. Many modern foods cause constipation, fermentation, putrefaction—with resultant ill-effects on your system. The safe and sane way to gain and keep good health is by proper food habits rather than by “taking doses”. Prove this by following the methods of eighty-year-old Dr. Robt. G. Jackson, whose splendid health and vigor is the result of wise eating. Yet he was a physical wreck at fifty, actually at death's door. His discovery of Roman Meal, the famous cereal food that has brought health to thousands, saved his life and enabled him to build up a superbly vital body.

Dr. Jackson demonstrating his amazing youth in this vigorous Hungarian dance.

Roman Meal is not an ordinary cereal but a scientific combination of granulated whole wheat and finely cut bran, rice polishings from China and flax-oil from Austria. No other cereal contains all these ingredients. They are specially combined in Roman Meal because one grain contains all the natural health and resistance-building elements in correct proportions. That's why Roman Meal is unique—different from any other food.

East Roman Meal once a day, or often, refreshes alkaline, iron-rich beverage at every meal. Soon you will clear up the cause of constipation and build clean, poison-free blood in your system. Try this for two weeks and you'll be amazed at the change.

For valuable free bulletins on food and health write: Robt. G. Jackson, M.D., 877, Vine Ave., Toronto.

Hitler's Aim To Dismember Empire

Speaker, Just Back From Europe, Tells of Nazi Menace

The real aim of Hitler is the final dismemberment of the British Empire; the unpurged edition of his book, "Meine Kampf," which is not allowed outside Germany, clearly shows this, Miss Margaret Vaughan-Jones, an interesting visitor from the Okanagan, told the Victoria Business and Professional Women's Club at their supper meeting held in the Y.W.C.A. last night.

The speaker was giving her impressions of the political situation in Europe, as gleaned during her travels of two and a half months' duration recently. She visited Russia, Finland, the Baltic and Germany, and her intimate knowledge of the Continent gained during previous sojourns there before the Great War imbued her observations with unusual interest.

Germans today openly refer to Great Britain as one of the four Fascist powers and anticipate the time when her consequently close relations with Germany will alienate her from France, which will thus be surrounded on every hand by Nazi regimes. The penetration of Fascism into England gives credence to these claims, the speaker said, and she spoke of Great Britain as "pumping money into the hands of Hitler" and thus bringing nearer his goal of Nazi domination of Europe.

FASCIST MENACE

Hitler hopes to "bore from within" in Canada and the United States, through the medium of Fascist groups, shirtlifts of every kind, because he hopes thereby to settle the problem of Germany's surplus population and of supplies of raw material. Miss Vaughan-Jones told of the movement fostered in Quebec by Adrien Arcand and his "armed forces," numbering about 80,000, who is alleged to be in direct communication with and financed by the Nazis in Germany.

The speaker also told of the growth of the Fascist movement in Great Britain, which is much stronger and more dangerous than is generally realized. Money is practically unlimited, and the English Fascist officers get two weeks' training in Germany under Goebbels, she learned on good authority while in England.

CHANGE IN GERMANY

Miss Vaughan-Jones noticed a great change in Germany since her last visit in 1930. Every second man today is in uniform, and everywhere armament factories are working at full pressure; their furnaces red against the night sky on every hand.

Friends who had spent two weeks in Berlin with a family found it impossible to get them to discuss anything but the weather—almost the only safe topic. But the young people are undoubtedly with Hitler, the speaker said.

By sheer pushfulness Hitler has "got away" with things which the more moderate chancelleries were unable to, and Germany is undoubtedly "going places." This accounts for the popularity of Hitler with the young people, Miss Vaughan-Jones said.

Both Germany and Russia share one common attitude—both are definitely and unitedly behind their own countries. This in contrast to France, which is sadly disunited, the speaker observed, as she described the various factions disrupting that country.

Mrs. K. Farquharson presided and Miss Marion Mitchell delighted the gathering with her two solos, accompanied at the piano by Mrs. C. W. Carr.

Women in Favor Of Party Funds Bill

OTTAWA (CP)—The administrative committee of the National Federation of Liberal Women of Canada yesterday endorsed a bill proposed by Hon. C. G. Power, Minister of Health, to provide public record of political contributions, limit electoral expenditure by candidates and generally overhaul the law dealing with franchise.

Co-operation was promised to Mr. Power by the committee in expression of its approval.

The annual thank-offering meeting of the First United W.M.S. will be held tomorrow. The devotional dedicatory service will be held in the church auditorium at 12.45, and will be followed by a luncheon in the Sunday school hall. All interested, whether members or not, will be welcomed.

HOW LONG, ALETHIA,

Minister's Daughter Bride

Mrs. Sidney Silvester, the former Miss Lorna Hyde, whose marriage was solemnized by her father, Rev. James Hyde, at St. Paul's Presbyterian Manse last Friday.

Society

Mrs. Angus Galbraith, Rithet Street, is visiting in Vancouver with her son and daughter-in-law, Mr. and Mrs. Stewart Galbraith.

Mrs. J. E. Mathews of Tacoma has come over to Victoria to spend the Easter season, and is staying at the James Bay Hotel.

Mrs. Shirley Simpson, Niagara Street, left this afternoon for Vancouver on a visit to her son and daughter-in-law, Mr. and Mrs. J. Y. Simpson.

Miss Mave Renahan of Vancouver is visiting here over the Easter holidays, as the guest of Miss Doreen McGregor, Granite Street.

Mrs. Ella M. Surphlis returned to her home on Saturday after a four-month visit to the east. While away Mrs. Surphlis visited friends and relatives in New York, Washington, D.C., Toronto and Montreal.

Mr. Frank H. Willis left yesterday afternoon for Seattle en route to Chicago and Toronto, where he will join his son, Percy, who left last week via Edmonton and Winnipeg. They will remain in the east for one month.

Capt. and Mrs. J. Walker, 505 Montreal Street, announce the engagement of their youngest daughter, Gloria, to Richard, eldest son of Mrs. F. Bosence, 1509 Hillside Avenue. The wedding will take place quietly May 7.

Mr. and Mrs. Claude Cherer of Calgary and their two children, Victor and Connie, who arrived in Victoria a short time ago with the intention of making their home, have changed their plans and are returning this week to Calgary to make their home.

Mrs. Peter Ross of Fort William left today for her home in Ontario after visiting her brother and sister-in-law, Mr. and Mrs. W. G. McLaren, Linden Avenue. Miss Catherine Whitla of Tacoma, who has also been visiting Mr. and Mrs. McLaren, returned on Sunday to her home.

Mrs. G. A. Davidson, 444 Montemore Avenue, left this afternoon for the mainland on her way to Montreal, from where she will sail on the Montcalm for England on an extended visit to Great Britain and on the Continent. En route, Mrs. Davidson will visit friends in Toronto.

Mrs. Harold Calvert and her little daughter, Maureen, will leave early in May for London, England, to join her husband there. In farewell to Mrs. Calvert, Miss Peggy Hamilton entertained at a tea on Sunday afternoon, and on Saturday Miss Rosalind Pease was hostess at a tea party in compliment to Mrs. Calvert.

Lt. Commander Kenneth F. Adams of H.M.C.S. St. Lawrence will arrive in Victoria on Thursday afternoon to join Mrs. Adams, who is visiting her parents, Mr. and Mrs. E. N. Horsey, Joan Crescent. Mr. Rowland Horsey of Vancouver and Mrs. Jack Taylor of Vancouver will come over from the mainland on Friday to spend the week-end here as the guests of Mr. and Mrs. E. N. Horsey.

Women Back Cancer Control Plan

Local Council Will Support Active Campaign In B.C.

"Whereas we view with alarm the great increase in the cancer death rate in the last decade in our province, and the fact that the incidence of cancer is higher in B.C. than in any other province of the Dominion; and whereas we believe that, with the exception of Prince Edward Island, B.C. is the only province without adequate public facilities for the control of cancer;

"And whereas it is a recognized fact that, if any cure is to be effected, treatment must be instituted immediately a diagnosis is established, and whereas we believe that in view of the experience in other Canadian and European centres, centralization of effort is the only practical method of dealing with the problem of cancer control, diagnosis and treatment;

"Be it resolved that the Provincial Council of Women set up a province-wide women's organization with the two-fold object of: (1) Supporting the Canadian Society for the Control of Cancer in its educational program, and (2) supporting the B.C. Cancer Foundation in its efforts to collect funds for the diagnosis and treatment of cancer throughout B.C."

The foregoing resolution was endorsed at the monthly meeting of the Local Council of Women yesterday afternoon, and Miss Creasor, V.O.N. head nurse, was named to represent Victoria on the provincial committee and to act as chairman of the local committee to be formed to forward the project.

REPORTS GIVEN

This action was the outcome of the report by delegates of the recent annual meeting of the Provincial Council of Women, Mrs. J. W. Gibson summarizing the address on the need of cancer control given by Dr. Ethlyn Trapp.

Dr. Olga Jardine gave a general report of the deliberations, Mrs. H. P. Hodges spoke on the resolutions passed, and Mrs. A. C. Ross read the brief presented by council women to the Rowell Commission.

TO PREVENT VANDALISM

The council will ask the City Council to take the necessary steps to prevent vandalism, such as the digging up of plants and pulling of wild-flowers in Thetis Lake and other park areas, in order to insure their protection for future years. Mrs. Hugh MacKenzie was authorized to make the plea to the council.

DELEGATES COMING

Delegates to the National Council, which is to hold its annual meeting in Vancouver in May, will visit Victoria on Tuesday, May 24, and will be entertained during their stay. Mrs. A. C. Hopkins, E 6696, will have charge of transportation and would be glad to receive offers of cars for that day. It is planned to drive the visitors to Butchart Gardens, and a definite program will be announced later.

The council received with gratification the statement by Mrs. J. L. White that as the result of council home economics committee's representations made to the city, a food laboratory would be set up at the High School in September. Correspondence included a letter from the board of governors at the University of British Columbia expressing regret that at the present time no action could be taken toward the establishment of a home economics course in the university.

Affiliated societies were invited to contribute \$1 each toward the Lady Aberdeen Memorial fund, which is to be used "to increase and extend the work of the International Council."

Solarium Has Over 60 Patients

In the report of the Queen Alexandra Solarium medical superintendent, Dr. Glenn Simpson, read at the last meeting of the board, it was shown that there were 62 patients in the institution on March 31, with an additional five discharged during March.

Other statistics for March were as follows: Consultations during March, 14; operations, 3; X-rays, 16; X-ray treatments, 1; physiotherapy treatments, 388; dental treatments and extractions, 25, and laboratory examinations, 289.

The report closed with the comment: "The health of all the children has been good, with the exception of a mild epidemic of colds."

There are 15,000,000 dogs in the United States, according to an estimate, and over 2,000,000 are pedigreed animals.

Women's Clubs

ROYAL CITY PEAS
CREAMED WITH TUNA FISH
1 20½ oz. tin Royal City Peas
2 tbsp. minced onion
4 tbsp. butter
3 tbsp. flour
Salt and pepper
2 cups milk
1 tin Tuna fish
Cook onion in butter in top of double boiler until soft; add flour, salt, pepper, and blend. Add milk, while stirring, and cook until thick and smooth; cover and cook 10 minutes, stirring occasionally. Add the drained tuna fish, and peas. Heat. Serves six to eight.

Weddings

ANDERSON-SPOUSE

At All Saints' Church, Vancouver, on Saturday evening, April 9, Winnifred (Freda), daughter of Mr. T. W. Spouse, Alberni, and the late Mrs. Spouse, became the bride of Mr. George G. Anderson, only son of Mr. and Mrs. John Anderson, Vancouver, Rev. John Lee officiating.

The bride was given in marriage by her father, and wore a beautiful gown of eggshell Chantilly lace, made on princess lines with a long train and a Queen of Scots collar. Her veil of embroidered net was caught at the nape of her neck with a strand of orange blossoms, and she carried a bouquet of Madonna lilies and lily of the valley.

Mrs. Raymond Spouse, Estevan Point, was matron of honor, wearing a pretty dress of peach-colored Chantilly lace, made with a short bolero jacket. She wore a shoulder-length veil and carried a Colonial bouquet of blue-iris. Mr. Eoin Brown, brother-in-law of the groom, was best man, and Mr. Raymond Spouse, the bride's brother, acted as usher. During the service the organist played appropriate wedding music, and Raymond White, the bride's nephew, sang "I Love You Truly."

After the service, a reception was held in the Patricia room of

the Georgia Hotel, where the refreshment table was arranged with pale pink carnations and spring flowers, a three-tier wedding cake embedded in pink tulle being flanked by pale pink candles and vases of pink carnations. Miss K. Arthur played musical selections.

The bride and groom left for a motor trip to the south, and will make their home in Vancouver. Out-of-town guests at the wedding were Mr. and Mrs. M. L. Augustine, Master Raymond White and Miss D. Smith, Victoria.

Home Economics Head Goes East

Miss Jessie McLenaghan to Address Ontario Teachers On B.C. Methods

For the first time the old province of Ontario is going to take some educational ideas from far-west British Columbia. During Eastern Week Miss Jessie L. McLenaghan, provincial director of home economics for the B.C. Department of Education, will address the home economics teachers of Ontario, gathered at a convention in Toronto. She was invited East by the Ontario teachers and leaves here this week.

"It is the first time I can recall one of our staff being invited east for a purpose of this kind," said a high official of the education department. "Usually old Ontario believes it is taking the lead. Our home economics courses are well advanced, however. I think we can regard it as quite an honor that Miss McLenaghan has been asked to tell them how we do things."

SOOKE

The general meeting of the Women's Auxiliary to the Sooke branch of the Canadian Legion, B.E.S.L., was held in the Sooke Community Hall Wednesday evening, with Mrs. E. J. Syrett in the chair.

Mrs. P. W. de P. Taylor, secretary, was appointed delegate to the provincial conference in Victoria on April 13.

The annual garden party has been set for June 29. Presentations of engraved silver bonbon dishes were made to Mrs. F. C. Rumsby, Mrs. F. Thornber, past presidents of the auxiliary, and to Mrs. J. Collins, past secretary.

Members of the Sooke and North Sooke Women's Institute are sponsoring a plant and bulb sale in the Sooke Hall, April 13. The monthly meeting of the Women's Auxiliary of Holy Trinity Church will be held at the home of the secretary, Mrs. H. Slack, next Wednesday afternoon.

Algerian Sheikh's Son Is Married

ALGIERS (AP)—The favorite son of the Sheikh of Arabby Monday took a 22-year-old Arab beauty as his bride in his father's palace in ancient Biskra amid all the splendor north Africa could muster for its ranking sheik.

Five thousand wedding guests, including the French governor-general of Algeria and the highest Moslem and Arab dignitaries, jammed the palace for the ceremony.

Pioneer of City Passes Away

Late Mrs. L. A. Heisterman Resided Here Nearly 70 Years

After a residence in Victoria of nearly 70 years, Mrs. Laura A. Heisterman, one of Victoria's best-known and respected pioneers, passed away yesterday afternoon at her home, Shasta Place, at the advanced age of 96 years.

Funeral services will be conducted by Canon F. A. P. Chadwick at the family residence tomorrow afternoon at 4, followed by interment in the family plot in Ross Bay cemetery.

Mrs. Heisterman was born in Dedham, Maine, on February 23, 1842, her maiden name being Laura A. Haynes, a member of a long-lived family which settled in that part of New England several generations before.

In 1869 she came to the west, traveling over the Central Pacific Railway from New York when the line was first opened, and from San Francisco she came north, via Oregon and Tacoma, to Moodyville, where she lived with her brother, the late George W. Haynes. In 1872 she married the late H. P. Heisterman.

Of the seven children of the union, three survive here in Victoria: Mr. B. S. Heisterman, Mr. H. G. S. Heisterman and Miss Olive Heisterman. Three daughters predeceased her, Mrs. D. R. Ker and Mrs. R. E. Brett, Victoria, and Mrs. A. G. Smith, Vancouver. One son died in infancy. There are 12 grandchildren and eight great-grandchildren, the eldest of whom, Diana Ker, is 16 years of age.

Although in failing physical health for the past few years, Mrs. Heisterman had always taken a keen interest in the happenings of the day, and upon such occasions as her birthday had been showered with messages of affectionate greeting from members of her family and a wide circle of friends. Despite her advanced years, she retained her keen faculties to the last.

Mrs. R. D. Merrill Dies in South

SEATTLE (AP)—Friends learned yesterday of the death Saturday night in Los Angeles of Mrs. Eula Lee Merrill, 66, of Seattle, wife of Richard Merrill, prominent Washington lumberman, and sister of the late Don Lee, Los Angeles radio station operator.

She died of a heart attack in the California city to which she and her husband had gone in February in an effort to regain her health.

Mrs. Merrill and her husband had been residents of Seattle since 1903. He is president of the Merrill and Ring Lumber Company, Merrill and Ring Logging Company and the Polson Logging Company.

Besides her husband, Mrs. Merrill is survived by two daughters, Mrs. Virginia Lee Blood of Vancouver, B.C., and Mrs. Eula Lee Wagner of Tacoma.

Modern Etiquette

By ROBERTA LEE

1. Is it appropriate to send simple yellow flowers in place of some expensive gift for a golden wedding anniversary?

2. Do all guests of a fiftieth wedding anniversary reception shake hands with the honored couple?

3. For paper, wooden or tin anniversaries is it appropriate to give gifts of little intrinsic value?

4. Is it good taste for cheques to be given to a bride by others than members of the family or intimate friends?

5. Should one give an article of wearing apparel to a bride as a wedding gift?

What would you do if—
You are a bride who has received a duplicate gift of some article of which you can use but one?

(a) Keep them both?
(b) Ask the least sensitive donor if he minds if you exchange his gift?
(c) Give the extra gift away?

Answers
1. Yes.
2. Yes.
3. Yes. Such gifts are often in the nature of jokes.
4. No.
5. No. Though the gift is addressed to the bride it is intended for both bride and groom.

Best "What Would You Do" solution—(b)

SEPARATION GRANTED

DUBLIN (CP)—Mrs. William Francis Lynch, 31-year-old wife, who was spanked by her husband "as one would beat an unruly child," was granted a decree of judicial separation in the high court here on grounds of cruelty. Mr. Justice Hanna told the husband his conduct had been "insulting and degrading."

Pioneer's Passing Mourned

THE LATE MRS. L. A. HEISTERMAN

News of Clubwomen

The Native Daughters of British Columbia Post No. 3 will hold their next business meeting on Wednesday evening at 8 in the K. of C. Hall, Government Street. Election of officers for the coming year will take place and refreshments will be served.

The monthly meeting of the Fairfield W.A. was held Thursday afternoon at the home of Mrs. Percy, Linden Avenue. The treasurer's and secretary's reports were very satisfactory. Plans were made for a banquet to be held at the end of April. After the usual business was completed the hostess served dainty refreshments. Next meeting to be held at Mrs. Field, Linden Avenue.

The sum of \$250 from the Community Chest received by the Senior Branch of the L.A. to St. Joseph's Hospital at the monthly meeting of the auxiliary, was forwarded to St. Joseph's Hospital to be used for social welfare work. Plans for the hospital library were discussed, and Miss M. Freeman offered to undertake the organization of the library with the assistance of the senior and junior auxiliaries. In connection with the library, it was suggested that a book shower be held in the near future. Mrs. Llewellyn Jones, sewing convener, reported 339 articles completed during the month, and 2,490 sponges. A nomination committee was appointed for the general election, which will take place in June. The next sewing meeting will be held on Friday, April 22.

At the meeting of the Mary Croft Esquimalt Chapter, I.O. D.E., held yesterday afternoon at the municipal headquarters, Union Building, plans were made for an evening bridge party to be held on Saturday, May 7. The arrangements include supper and tombola prizes. The rummage sale previously announced for that date was cancelled. Easter greetings and an expression of sympathy were sent to Lady Barnard, who had met with a slight accident, and to Mrs. Ismay and Mrs. Belson, who have been in hospital. Mrs. J. Quinn, games convener, asked for flowers to decorate graves in the Esquimalt Naval and Military Cemetery for Easter. Reports were read on Secondary Education, Echoes, Child Welfare, Guides and Scouts. Tea was served after the meeting, the regent, Mrs. G. P. Clarke and Mrs. J. A. Allen, vice-regent, being the hostesses. A former regent, Mrs. W. H. Booth, was a welcome guest.

Henry Ford Has Golden Wedding

DETROIT (AP)—Henry Ford and Clara Bryant Ford reached the 50th anniversary of the partnership they began in the parlor of a Greenfield village farmhouse on a day when there were no motors and Ford's parents expected him to become a farmer. Because Ford generally discourages celebrations and observances, the golden wedding anniversary celebration was personal and informal.

SOCIETY

Mrs. Thomas Stevenson and her sister, Miss Cecile Couves, were joint hostesses on Sunday afternoon at a delightful tea given at Mrs. Stevenson's home on Queen's Avenue, in honor of Mrs. Douglas Stevenson, Timmins, Ont., who was visiting her husband's parents, and complimenting Miss Peggy Gelling, a popular bride-to-be. Mrs. R. Dowell and Mrs. W. C. Gelling presided at the table, which was prettily appointed with a centerpiece of cream-colored primroses in a low bowl, lighted by blue tapers in silver candleabra. Misses Phyllis May, Veronica Stevenson, Florence Siddall and Marion Stevenson assisted in serving the guests.

The Misses Kathleen and Doris Tadmam entertained at the home of their parents on Harbinger Avenue Sunday afternoon in honor of Mrs. Basil Brooks, who, with her two children, Alan and Diana, are leaving at the end of the week to join Mr. Brooks in Vancouver, where they will make their future home, and in honor of Mrs. Hector McQuarrie, who is leaving with her husband this week to take up residence in the Peace River district. Presiding at the daintily appointed table, centred with attractive spring flowers and tall tapers in silver holders, were Mrs. F. A. Tadmam and Miss Eunice Allen. Among the invited guests were Mrs. Maitland (Vancouver), Mrs. George Bonavia, Mrs. W. H. Liddiard, Mrs. Leslie Wardman (Stewart), Mrs. George Bullock, Mrs. V. Lavell, Mrs. Winnie Saunders, Mrs. H. Hanson, Mrs. W. L. Williams, Mrs. B. Brooks, Miss Peggy White, Miss Audrey Saunders, Miss Anna Balnave, Miss Margaret Codd, Miss Hilda Margretts, Miss Alice Smith, Miss Rita Rodgers, Miss Lois Peacey, Allan and Diana Brooks, Miss Doris Tadmam and Miss Kathleen Tadmam.

JACKIE COOGAN SEEKS ESTATE

Former Child Movie Star Sues Mother and Stepfather For \$4,000,000

LOS ANGELES (AP)—A bitter legal fight loomed today over Jackie Coogan's suit demanding his mother and stepfather turn over to him \$4,000,000 he said he earned as a child screen star. Charles J. Katz, counsel for the stepfather, Arthur Bernstein, characterized Coogan's charges as absurd. "The young man has received everything he is entitled to, and more," he declared. "His mother was entitled to all his earnings up to the time he became of age." Katz also said Coogan's estimate of his screen earnings was much too high. Coogan, now 23 and married to actress Betty Grable, filed his suit yesterday, charging his mother and Bernstein had withheld his money from him. He quoted his mother as having said, when he asked her about the matter: "You haven't got a cent. There never has been a cent belonging to you. It's all mine and Arthur's, and so far as we are concerned you never will get a cent."

Few U.S. Debs For Royal Courts

Ambassador Says Number Will Be Decided by Him

LONDON (CP)—Joseph P. Kennedy, United States ambassador to the Court of St. James, today dashed the hopes of hundreds of United States debutantes by announcing the number of American girls presented to the King and Queen would be drastically reduced. He said he considered "undemocratic" the practice of American ambassadors in selecting every year "a small number of young ladies from a long list, very few, if any, of whom he has ever seen."

Accordingly, he said he had decided to confine presentations to the families of American officials in Great Britain and to members of American families domiciled in Britain.

Mr. Kennedy reported the Court was ready as always to receive as many American women as in the past. He said the embassy for many years had presented between 20 and 30 annually.

Germs of typhoid fever have been found in centres of gall stones.

"Y" Appoints New Night Secretary

Mrs. A. I. Spurgin To Join Staff; Courses Popular

Mrs. A. I. Spurgin has been appointed night secretary at the Y.W.C.A. It was announced at the recent meeting of the board of directors, Mrs. B. S. Heisterman, the president, was in the chair and welcomed Mrs. J. Witcomb of Vancouver, the provincial vice-president.

Miss Helen Kirkwood, the general secretary, in her report noted that the new household training course, which commenced on April 4, has 20 enthusiastic girls registered. This year the interest was so great and there were so many registrations that only part of the number could be accommodated in the laboratory and practice house, and there is now a waiting list for the next course next September. This proves that the girls of the city are now beginning to recognize the real value of these courses.

Senior girls' clubs are continuing with their usual enthusiasm, which culminated in a week-end retreat at Cordova Bay, thanks to the hospitality of Dr. and Mrs. Westwood, at which the work of the past season was evaluated. The new junior girls' department has certainly proved that there was a need in the city for further work among girls of the kind the Y.W.C.A. is so well equipped to offer, she said.

The junior clubs now include two departments of their own—girls from the two high schools (Oak Bay and Victoria), and a very large new group from the junior high school.

Plans were discussed for the annual spring tea at the "Y" annex. Tentative plans were discussed for a visit from Miss Emma Kaufman, general secretary of the Y.W.C.A. of Tokio, who has just arrived in Vancouver from Japan and who, it is hoped, will also visit Victoria before she proceeds to the United States.

After the meeting, tea was served.

Easter Cantata At Emmanuel Church

On the evening of Good Friday the choir of the Emmanuel Baptist Church will present the sacred cantata "Olivet to Calvary." This cantata, by J. H. Maunders, recalls simply and reverently the scenes which mark the last few days of the Saviour's life on earth ending with the Passage of the Cross and the tragedy and triumph of Calvary.

The solo parts will be taken by Miss Phyllis Deaville, soprano; James Oakman, tenor, and A. W. Trevett, bass. The guest conductor will be C. C. Warren.

The chorus and soloists will be accompanied by a small string ensemble with Ian Gallford at the organ and Mrs. G. H. E. Green at the piano.

Preceding the cantata the

FELLOWSHIP GRANTED
VANCOUVER (CP) - Ivan Niven, who graduated from the University of British Columbia in 1934, has been awarded a Harrison post-doctorate fellowship at the University of Pennsylvania. It was announced at U.B.C. Monday. He received his high school education in Vancouver.

A New Shipment of Refrigerators

So great has been the demand for the 1938 Canadian General Electric Refrigerators that Macdonald Electric Limited, have just brought in another carload to Victoria. Above are shown the new models on the pavement outside the store, just before they were removed and carried away to the showrooms behind.

3
The provincial treasury paid out 70 cents for every person who voted in the general election last June 1.

The completion of final statistics on election costs at the Legislative Buildings showed that it cost the government \$186,785 to get the opinions of 265,446 voters on who they wanted running the country.

In 1933 the cost per voter was 67 cents. The increase can be partly attributed to the fact that where 73 per cent of the registered voters cast ballots in that year, 71.2 per cent cast them last year. Another factor raising the cost was the health insurance plebiscite. The total cost in 1933 was \$158,651.

The final official percentages of votes cast by parties was worked out as follows: Liberals 156,074, 36.98 per cent; Conservatives 119,531, 28.32 per cent; C.C.F. 119,440, 28.29 per cent; and seven other small parties with 5.43 per cent.

Edgar Jepson Is Called By Death

LONDON (AP)—Edgar Jepson, 74, English novelist, died Monday following a stroke. Mr. Jepson wrote some 55 books over a period of more than 40 years.

His son, Selwyn, is a novelist and a moving picture scenario writer.

NEW BIG GUNS FOR U.S. COAST

WASHINGTON (AP)—Army officers said today new long range guns to fight off attackers along the 5,000-mile coastline and submarine mine equipment to enrage invaders' ships, soon may fill gaps in the \$85,000,000 United States coast defense program.

The nation's greatest city and its capital both would be made more secure, they said, by further fortification of the entrances to New York harbor and Chesapeake Bay.

Military secrecy veiled most details of the plans.

Italy expects to be producing her own synthetic rubber, with technical help from Germany, before the end of 1938.

Bike Stars to Ride Friday

Sports Mirror

By PETE SALLAWAY

WHETHER or not the Toronto Maple Leafs are a team of fighters or just a bunch of front-runners will be proven tonight when the National Hockey League champions tackle those swashbuckling lads of Bill Stewart, playing under the colors of the Chicago Black Hawks, in the fourth game of the Stanley Cup series. Any psychological advantage will be with the Hawks. They are one game up and will be playing on their home ice and before a friendly crowd.

The experts have been predicting the Hawks to crack ever since the playoffs got under way, but they are still in there battling, as was so ably proven on Sunday night when the Windy City club took the third game and the series lead in games for the second time. For the first time the Hawks have favorites to lift the cup and the world championship. The Leafs can still pull through to a win, but the going will be tough. The Hawks are riding a victory wave that already has put out Canadiens and New York Americans. Should the Leafs win tonight they will carry the series to its five-game limit and force Chicago to return to Toronto for the all-important deciding battle. In that case the advantage would swing back to the Canadian club. Those Leafs are a smooth club in their own backyard.

Trail Smoke Eaters, the hockey squad that is blazing the name of British Columbia along the Allan Cup trail, is considered the strongest amateur hockey machine to come out of the west since the spring of 1928. Since that year Smoke Eaters have been in the western Canada finals for the Allan Cup five times. And five times they have been ousted. So the B.C. champions this year have marked up a string of 12 victories in 13 playoff games, collected the western Canada crown and are all set to battle Cornwall Flyers tomorrow night in the opening game of the finals at Saskatoon.

The Smoke Eaters are a squad composed of up-and-coming puckmen who learned their hockey in Alberta and the prairies. Together they form a formidable brigade, with surprising offensive power backed up by a reliable and vigorous defence. Their scoring power seems most potent when the chips are down.

A brief description of the players on the team follows: Goalie Duke Scodellaro, 23 native of Bellevue, Alta. Played with Coleman Canadians for two seasons before moving to Trail to star with Smoke Eaters in the West Kootenay League last season. Has a keen eye and is fast with his hands and feet.

Tommy Johnston, mainstay of defence, measures six feet one inch, and uses his 175 pounds to advantage. At 28 he is the oldest player on the team and has been with the club four years. He came from the Lusk, Alta. Indians. Twenty-two-year-old Mel Snowden, now in his third season with Smoke Eaters, is the other half of the able defence line. Mel, who is five feet 11 inches and weighs 175 pounds, came from the Calgary Jimmies. Only pure home product of the team is Jimmy Morris, another defenceman. He is 25, five feet 10 inches tall, and weighs 160 pounds. The fourth defenceman is Jimmy Height, another product of Calgary Jimmies.

Dave Duchak, centreman of the first-string forward line, is considered one of the best pivot men in amateur hockey. A product of the North Battleford Beavers from last season, Dave weighs 150 pounds and packs a deadly shot. Johnny McCreedy flanks Duchak on the right wing and Dick Kowcinak on the left. Both were members of last season's junior champion Winnipeg Monarchs. They are "tabbed as the 'menace' in Trail's forward line. McCreedy, 20 years old, weighs 160 pounds, and Kowcinak, also 20, is five pounds lighter.

Ab Cronie centres the alternate line, flanked by Joe Benoit on the right and Bunny Dame on the other side. Benoit, in his second year with the Smoke Eaters, is a former Edmonton South Side junior player. He is 21, measures five feet 10 inches and weighs 165. Dame went to the Smoke Eaters from Edmonton four years ago. He is one of the trickiest stick handlers on the team and is the spearhead of many scoring attacks. Mickey

Annual 15-mile Moody Cup Race at Beacon Hill; Events For Kiddies

Crack pedal-pushers from island and mainland points will be in Victoria Good Friday morning to vie for honors in the 14th annual Moody Cup races to be staged under the auspices of the Victoria Cycling Club on the Beacon Hill Park oval.

The meet, which has been sanctioned by the B.C. branch of the Canadian Wheelmen's Association, will start at 10:30 and will include eight events.

This year's program has been extended to include three events for youngsters and for which Joe North has secured many excellent prizes. These races will be: Three-wheeled joycycles for kiddies under five; two-wheeled cycles for kiddies under seven and a scooter race for youngsters under 10 years.

George Robinson, secretary of the Victoria Cycling Club, reports that there appears to be considerable more interest in the Moody Cup classic this year than in previous years among local riders.

LOCAL RIDERS READY

Victoria riders have been conditioning themselves for the 15-mile Moody Cup grind, which will feature the meet, with long spins into the country and trial sprints.

Vancouver is expected to ship its usual imposing contingent over for this Easter sporting highlight, although at the present time it has not been ascertained as to whether or not Morry Robinson, No. 1 amateur rider in the province, will be making the trip. With Robinson missing from the line-up Victoria's chances to life the prized trophy look exceedingly bright.

The program includes a one-mile race for members of the club championship, a one-mile race for boys under 16, a two-mile race for boys under 18, a one-mile race for boys under 14 and the 15-mile Moody Cup race. The kiddies' events will be run off in between senior races.

Entries are being taken at any of the following bicycle stores: Robinson's, Pimley & Ritchie, Peden Bros. and B. J. Smith's.

UNITED TEAM IS SELECTED

Barnes and Morgan Off Soccer Squad For Match Here Good Friday

When the Victoria United football team trots onto the Athletic Park pitch Friday afternoon for its Inter-city League match against Vancouver Radials there will be two changes in the lineup. Roy Barnes, regular centre-half, is out of the game with injuries, and Noel Morgan, inside left, will be out of the city. They will be replaced by Norm Wallace and Eddie Brown.

The match will start at 2:30 with Dave Swan as referee.

The complete lineup follows: Rowe, Leggett, Jack Okell, Cliff Robbins, Wallace, Alex. Speller, Bell, Worswick, Earle Barnes, Brown and Payne. Reserves, Wilkinson, Lorandini, H. Sage and Holt.

To Hold Annual Meeting Tonight

The Rounsfel, Province, Barnard, Times, Heyland and Cowichan trophies will be presented at the annual meeting of the Victoria Rugby Union tonight in the Colonist board room at 8. The presentations will be made by George Jay and George Deane, municipal schools inspector.

Officers for the 1938-39 season will be elected and important items relative to next season will be discussed. Major Stuart Robertson, president of the union, will be in the chair.

Bartender, Clerk and Soldier On Golf Squad

Odd Combination as British Name Candidates for Walker Cup Team

LONDON.—The Royal and Ancient Golf Club yesterday named an Irish bartender, a St. Andrews cigar clerk and a Welsh soldier among those selected to complete the British Walker Cup trial squad.

The squad of 25 will play May 5 and 6 for places on the team which will meet the United States at St. Andrews, June 3 and 4. British amateurs never have beaten Americans in the international competition.

The bartender is J. Fitzsimons, present Irish amateur titleholder who serves drinks at the Portrush Golf Club in County Antrim. Andy Dowie is the clerk and St. Andrews amateur cham-

Victoria Daily Times

MRS. C. BROWN IS MEDALIST

Heads Field in Uplands Club B Class Championship With Score of 92

With a card of 92, Mrs. C. Brown captured medal honors in the qualifying round of the women's class B championship at the Uplands Golf Club yesterday. In the runner-up position with 95 was Mrs. L. J. Proctor, while Miss Joan Fletcher was third with 96.

The low eight scorers qualified for the championship flight and match play got under way today. Complete scores follow:

Mrs. C. Brown	92
Mrs. L. J. Proctor	95
Miss Joan Fletcher	96
Mrs. B. M. Clifford	104
Miss J. Robinson	106
Mrs. D. Fletcher	106
Mrs. V. Percival	108
Mrs. C. W. Lovell	109

The above qualify and the defeated four will form the first flight.

SECOND FLIGHT

Miss K. Brinkman	111
Mrs. H. A. Blakey	112
Mrs. A. C. Lindsay	112
Mrs. F. B. Shore	112

THIRD FLIGHT

Miss A. Talbot	116
Mrs. C. Pearce	118
Mrs. E. M. Nelson	121
Mrs. V. Bradbury	129
Miss M. Young	129

LAWN BOWLERS TO OPEN PLAY

Championship Tournaments to Be Held Here During Summer Months

With a number of big tournaments scheduled for the season, play in the Greater Victoria District Lawn Bowling Association will get under way officially on April 23.

A large number of visitors are expected to take part in the Vancouver Island singles championship meet to be held here July 9, and an even larger number for Victoria's annual tournament, August 1 to 6.

Most of the local enthusiasts will take to the greens Good Friday. Instead of home-and-home games between clubs in the league schedule this year, clubs will play each other only on a neutral green. The games will be played Friday nights during June and July.

The local lawn trundlers will round out their attractive program when an all-star team will be selected to play a squad of 40 players from the Old Country the week of July 18 to 23.

Prospects of a new green in Oak Bay is especially pleasing to the bowling fraternity due to the difficulty in accommodating the increasing number of visitors to the city each year.

Men's Title Play At Oak Bay Club

At the Victoria Golf Club on Sunday the 18-hole qualifying round of the annual men's championship will be played. The 16 low scorers will form the title flight. Jimmy Todd will defend his honors.

Intending competitors are asked to communicate with secretary Capt. J. V. Perks or professional Phil Taylor by 4 on Friday afternoon, when the draw will be made.

Detroit—Bill Weidner, 174, Detroit, defeated Bob Gregory, 160, London, Eng. Weidner took first fall and declared victor when Gregory unable to continue because of leg injury.

Battling Hawks Victors

Winging their way into the last four minutes of their deciding game with the New York Americans at Madison Square Garden, the Chicago Black Hawks had a sweet 3 to 1 lead in their talons. But they had to defend it furiously before the desperate onslaught pictured above, where Red Beattie of the Amerks (with stick upraised) has just made it 3 to 2 by popping the puck into Hawk net. The Amerks continued their rally at a blasting pace, but 3 to 2 was the final score, and it won the Hawks the right to play the Toronto Maple Leafs for the Stanley Cup, emblem of hockey championship. Sunday night in Chicago the Hawks continued their battling by taking Toronto 2 to 1 for a one-game lead in the cup series.

CUMBERLAND PLAYS HERE

Meets Wednesday League All-stars in Soccer Match Saturday Afternoon

Smart up-land soccer eleven will invade Victoria Saturday to meet local squads in a twin-bill attraction at the Athletic Park.

The feature scrap of the afternoon will be between the Victoria Wednesday League All-stars and Cumberland's ace soccer eleven, while Nanaimo will tackle Ralph Alcock's Victoria Athletic Club squad in the opener at 1:30 in a sudden-death clash for the Vancouver Island (under 15) 3rd division juvenile crown.

The Cumberland club is reported to be composed of some fine soccer material. They have beaten other up-land teams and will attempt to retain their undefeated record here Saturday when they contest with the cream of the local midweek clubs.

A meeting of the Wednesday League will be held this evening in the Colonist boardroom at 8 when the team will be selected for the Saturday match. Managers and league officials are asked to attend.

SAILORS LIFT KNOCKOUT CUP

Defeat Gorge Hotel 2 to 0 in Rennie & Taylor Cup Soccer Final

After traveling through a scoreless first half, Navy footballers secured two goals in the closing stanza to defeat Gorge Hotel, 2 to 0, in the final of the Rennie and Taylor knockout cup Wednesday League competition, last evening at the Athletic Park.

The hotelmen gave the sailors plenty of opposition in the first period. The Navy got off to a strong offensive, but halfway through the session the Gorge boys pushed them back and kept the heat on at the sailors' end for the rest of the half. Their dangerous shots, however, were well taken care of by Louis DeCosta.

After 11 minutes of attacking on the resumption of play, the Navy went one goal up when Alf Gorgehan, Gorge fullback, booted the leather into his own goal in attempting to clear a corner kick.

Goalie Charlie Sadder was called on to do lots of clearing for the remainder of the period as the sailors held the upper hand. After plenty of hammering, the tars managed to get another shot past him 15 minutes from the finish; Dave Marr heading in Murray's corner kick.

The hotelmen fought gamely all the way, but were no match for the sailors.

McMillan refereed. Teams follow: Navy—L. DeCosta, McDonald, Kennedy, Sands, Robinson, Gagnon, Hilbert, Marr, Ross, Murray and Peakman.

Gorge Hotel—C. Sadler, Gorgehan, Barnswell, W. Sadler, Fieldhouse, White, Alexander, Carr, Roskamp, Belford, Ball, D. Gent and K. Gent.

CAGE TEAMS TIE

OTTAWA.—Ottawa Glebe Grads climaxed a thrilling second-half scoring contest by tying the score at 40 to 40 one second before the end of their game with Saint John Y.M.C.A. here last night in the first of a two-game total-point Dominion senior basketball playdown.

TORONTO (CP)—Only sure winner in tonight's Memorial Cup clash between St. Boniface Seals and Oshawa Generals is the management of Maple Leaf Gardens, scene of the junior hockey classic.

Result of the game is a toss-up, but there is nothing indefinite about the size of the crowd. It will be big.

More than 9,500 turned out for the first game of the best-of-five series Saturday to establish a new season's attendance mark for junior hockey and garden officials expect to see even this total topped tonight. Oshawa's 3 to 2 victory by no means settled the question of superiority.

Seals will be at full strength, all players emerging from the first game unscathed. Defenceman Dan McTavish will be missing from General's lineup. He broke his wrist in the first three minutes of play Saturday.

With doubles matches between teams representing the president, T. Alexander, and vice-president, S. Watt. The game will start at 1:30. Line-ups follow:

President's, T. Alexander, J. McMillan, St. J. Leiper and J. McMillan Jr.; vice-president's, S. Watt, D. McCaig, T. Scouler and D. McMillan.

QUOTERS PLAY

The Victoria Quotting Club will usher in another season Friday afternoon on the club grounds, corner of Blanshart and Pendera,

Baseball Gossip

Owensboro, Ky. — Jimmy Webb, recently snapped up by Cleveland Indians when Judge Landis made him a free agent, counts his assets modestly: "I'm a good fielder and I've got a good arm. I have always hit pretty well, although I've never been a power hitter. I'm fairly fast and I think I play smart baseball. Nobody can ever say I don't hustle."

Atlanta, Ga.—Counting noses, Mickey Cochrane figured today he had six starting pitchers ready to open Detroit Tigers' American League drive. They are Tommy Bridges, recently ailing with a lame arm but apparently entirely recovered; Vern Kennedy, George Gill, Elden Auker, Lefty Jake Wade and Boots Poffenberger.

Owensboro, Ky.—New York Giants' two cripples, Slick Castleman and Burgess Whitehead, are showing encouraging signs of life. Whitehead played against Cleveland yesterday and made a hit and scored a run. Castleman pitched to a catcher for the first time and let go a couple of hard ones. He has not felt a twinge in his ailing back since he started work.

Savannah, Ga.—Ruddy Hulwitt, who used to be a chief scout for the Brooklyn Dodgers, is a happy prophet. He said, "I almost had to beg the club to buy Forest Presnell and he's going to be a regular." Whereupon Presnell went out and beat Savannah with six hits.

Knoxville, Tenn.—Joe Gordon may not be hitting, but he has speeded up New York Yankees' infield incredibly. The world champions, never noted for their spectacular fielding, have clicked off 28 double plays in 25 games. Gordon has figured in many of them and has played a brilliant all-round game. He handled nine chances flawlessly yesterday and figured in the Toronto double play.

DEFEATS YACK SECOND TIME

Johnny Gaudes, Manitoba, Hands Canadian Bantam Champ Another Beating

TORONTO (CP)—Gift of St. Boniface, Man., to the fight wars, little Johnny Gaudes had the honor today of being the only fighter ever to defeat Norman (Baby) Yack of Toronto, Canada's bantamweight boxing champion, twice in a row. He is now certain of a crack at the crown before long.

The St. Boniface boy, victor over Yack less than three weeks ago in a nontitle fight, showed 11,300 fans last night it was no fluke by winning a close, but unanimous, 10-round decision over the Toronto boxing idol. As in the first bout, the Baby's title was not at stake.

Yack, outside of the two losses suffered to Gaudes, has been beaten only twice in his short professional career that brought a climb from selling newspapers on a street corner to king of Canada's bantamweights.

WRESTLING

New York—Jim London, 200, St. Louis, pinned Jesse James, 190, Hollywood, Calif., 42-07.

Wilmington, Del.—Everett Marshall, 221, Colorado, defeated Wally Dusek, 220, Omaha, Neb., straight falls.

Facing of Life Problems Vital

Method of Meeting Situations Determines Character, Speaker Tells Club

"Situations, and how they are met, determine the resulting character of the individual. In this regard physical education plays an important part by presenting those situations and offering methods of solving them," A. Merl Harding, national Y.M.C.A. physical director, told members of the Gyro Club at luncheon yesterday at the Empress Hotel.

The formation of the adult character, he said, took place during the various stages of adolescence. The instinct to back away from trouble was extremely strong in the child-stage of life. The method of avoiding situations was divided into two classifications—Noisy rebellion and withdrawal from life by sulking in an obscure corner.

Where parents failed to school their children in meeting the problems of life, physical education in the way of games and organized athletics played a valuable part. Social pressure, in an abstract sense, was brought to bear on the offender and strange behavior patterns were gradually corrected.

Mr. Harding attributed many cases of nervous breakdown and insanity to the failure to meet situations face to face. In closing the speaker said Y.M.C.A. work had a definite purpose in regard to character formation and the results as seen in many of the rising generation had built up a strong public confidence in the methods of the institution. Archie McKinnon, Y.M.C.A. physical director, introduced the speaker.

Miss Harriett Molstrum, Pacific northwest hotels representative, contributed two vocal solos to the program.

Bill Clark was in the chair in the absence of Everett Taylor, president of the club.

Sooke Man Is Poster Winner

First prize in the annual poster show held in connection with the Victoria Musical Festival was awarded on Saturday to the only adult to enter the contest, P. W. deP. Taylor of Sooke.

There were 108 entries judged at North Ward School by Thomas W. Simpson, commercial art instructor at the night school.

Second prize went to Dora Caley of Victoria High School and third prize to Derek C. R. Horne of Oak Bay High School.

Posters receiving honorable mention were submitted by D. Murray, Central Junior High School; Phyllis Corbett, Oak Bay High; and Lillian M. Emerson, Monterey School.

The contest this year was for the first time in a single open class instead of in three classes as in the past. The division was removed in line with the provincial Department of Education's wish to eliminate the competitive element and to substitute the idea of art for art's sake.

The winning entry showed a dancing figure of Pan silhouetted against the sun, with the color scheme bronze, orange and soft green on a dove grey card. The second prize went to a figure of Music on a black card, and the third to a concert grand piano and a shadow mask of Beethoven in pale green, black, buff and mauve.

SPORTS MIRROR

(Continued from Page 9)

Brennan, 28-year-old utility player, is playing his ninth season with Trail. Tricky and speedy, Mickey makes up in speed what he lacks in weight. He only scales 135.

SPRING FEVER

"Spring Fever" is brought on by poisonous wastes which clog your child's foodways and undermine vitality. Needed is the gentle flushing action of Eno's "Fruit Salt"—to clear the digestive tract and neutralize hyperacidity. Eno is pleasant-tasting, safe, and much more effective than "sulphur and molasses".

ENO'S "FRUIT SALT"

BEEF GRADING

Hon. K. C. MacDonald, Minister of Agriculture, is negotiating with the federal authorities on regulations to cover the new plan of grading beef sold on the Victoria, Vancouver and New Westminster markets.

Dr. MacDonald hopes to get the new grading scheme in effect by May 1, but this depends on getting the regulations approved. Federal inspectors are to carry out the grading which will cover every piece of beef sold in these markets.

LOCAL ENTRY WINS AWARDS

Postal Employee's Entry in St. Louis Air Mail Flower Show Takes Prizes

The employees of the Victoria Post Office were successful in winning the Curtiss-Wright Trophy for the best sprays of flowering shrubs in the spring flower section of the Saint Louis Postal Employees' National Air Mail Flower Show.

Postmaster Gardiner received word yesterday from W. Rufus Jackson, general chairman of the Air Mail Show, that the trophy would be forwarded as soon as the inscriptions are completed.

The local entry also took prizes in four other divisions. Second prize was awarded them for the bouquet of flowers indigenous or native to the section from which the exhibit was sent. The entry also won second prize for six flowers from spring bulbs of one variety. A third prize for a collection of flowers from spring bulbs of any variety and number was also awarded. The entry also won an honorable mention for their exhibit of a collection of spring flowers.

Inscribed medals attached to colored ribbons were sent for these awards.

The flowers sent, with the exception of the native flower section, were grown by the employees of the post office. Among the blooms sent were Van Waverens Giant daffodils, trythrums or Easter lily, polyanthus and violets.

The Air Mail Show was the outstanding feature of the Greater St. Louis Flower and Garden Show.

In a letter received from Mr. Jackson he stated: "While the Greater St. Louis Flower and Garden Show contained many and varied exhibits in the five acres of space it occupied, it was the consensus that the National Air Mail Show, with entries from 103 post offices in 36 states as well as Canada, Mexico and Bermuda, was the most outstanding feature of the show."

George H. Pring, superintendent of the Missouri Botanical Gardens and one of the world's outstanding floriculturists; Frank Gorly and W. H. Kruse, as judges, took from 12.30 to 5 to complete the judging of the National Air Mail Show alone.

In appraising the show, Mr. Pring said: "The time taken to judge the show emphasizes the magnitude of the exhibit and the unusual number of distinctive classes. It is really surprising—in view of the thousands of miles traveled—to see the freshness of the flowers upon arrival and their lasting quality all during the last days of the show."

The Victoria entry was sent by the steamer Iroquois. Postmaster George E. Starr of Seattle said that the package of flowers was passed by the customs without delay and also made sure that the fastest connections with the Air Service were made. The entry reached St. Louis the following evening at 10.15. Judging took place the next day.

Veterans Hold Reunion Dinner

About 100 members and guests were present in Spencer's dining-room Saturday night when the Victoria Amputation Association of the Great War held its annual reunion dinner. H. Thirwall, president, was in the chair.

In proposing a toast to the association Brig. J. Sutherland Brown, representing the Army and Navy Veterans in Canada, highly commended the organization for its untiring efforts on behalf of its members. He spoke of the attitude of war veterans with regard to the troubled conditions in Europe and noted that through their democratic ideals they were a major steadying influence throughout the Dominion. Major J. Montreath, Vancouver, responded.

Mr. Thirwall proposed the toast to the guests and Mrs. Kyle, Symons, regent of the Municipal Chapter, I.O.D.E., replied.

Those providing the entertainment were: Helen Ockenden, pianist; Jack Filtz, banjo solos; Stan James, comedian; and A. W. Trivett, baritone.

Trustees Have

Spent \$141,553

Quarterly Statement On Finances Before City School Board

Of the estimated \$301,412.91 estimated as school expenditure for 1938, \$141,553.75 has been spent to date, according to a report presented to the City School Board last night.

In all departments expenditures are being paid to a minimum as the trustees are striving to implement their promise to the council that every possible curtailment would be made without impairing efficiency.

The estimated net expenditure for the board for the year is \$405,071.51. No figures were obtainable on the net expenditures to date, as current revenue had not been finally checked in time for last night's meeting.

Following are the expenditures in various departments, followed by the estimates for the year for that department: General control, \$2,931.21; \$13,786.80; instruction, \$103,704.82; \$349,451.26; operation of school plant, \$16,712.01; \$32,840; maintenance of school plant, \$1,870; \$27,693; health promotion, \$3,689.38; \$11,596.80; auxiliary agencies, \$2,249.36; \$5,277; night schools, \$4,969.63; \$9,600; fixed charges, \$1,097.04; \$7,337.05; new furniture and equipment, \$1,870.20; \$4,722.80. Estimated revenue for the year is \$96,341.40.

GORGE BEACH UNDER TABOO

"Old Swimming Hole" Declared "Unsafe" Owing to Saanich Sewer

The Gorge, where world's champions have swum, "the old swimming hole" for practically every Victorian who could keep himself afloat and the early testing ground for the best aquatic talent this city has developed, came under semi-official taboo yesterday.

In a letter addressed to the City Council, Dr. Richard Felton, city medical health officer, declared the bathing beach adjacent to "The Free" unsafe. A creek flowing down onto the beach was carrying affluent from Saanich septic tanks, his letter stated. A close examination of the stream had disclosed highly unsanitary conditions and the beach was not a fit place for further bathing, the letter indicated.

Overriding a suggestion to refer the letter to the health committee, the council aired the question thoroughly before adopting a motion by Alderman Archie Wills to leave the matter in the health committee's hands after ordering copies of Dr. Richard Felton's letter sent to the provincial medical health officer and to the medical health officer of Saanich. The mayor joined Alderman Wills in calling for the explanation, which disclosed Saanich sewers the cause for the action taken by the health officer.

AIRPLANES TO FEATURE FAIR

The model airplane-building section will be featured in the sixth annual Y.M.C.A. hobby fair to be held April 19 and 20.

Due to the increased interest in the construction of model flying craft, the hobby-fair committee has extended the section from three to six classifications this year. A large entry is expected with the addition of gas-engine models and Wakefield models.

Active demonstrations of various phases of handicrafts will be given at certain hours during the two-day show. Vivian Shoemaker, boys' work secretary, announced today. The fair will display examples of art, natural history collections, model yachts, industrial crafts, photography and radio. Entries for the show will close Saturday. Noncompetitive exhibits will be gladly accepted.

Insurance Will Be Investigated

Placing of school liability insurance which will provide a \$5,000 premium for one person and a maximum of \$50,000 for any one accident will be investigated by Trustee W. P. Marchant, and another member of the City School Board.

Bids for the insurance were received by the board last night, and the premiums ranged from \$285.32 a year to \$570.45. The complete list of bids was referred to Trustee Marchant and one other trustee to be selected by him for further investigation. The bids covered 5,672 day pupils and 1,008 night students,

School Board Briefs

March attendance at city schools was 4,920, which represented a decrease over the attendance figures for both February and March of last year. There was a drop of 20 compared with February and 72 compared with March, 1937.

There were 131 pupils treated at the city school dental clinic during March, a report from Dr. C. B. Mess and Dr. G. D. Johnson showed. There were 748 dental operations performed by the dentists.

At the request of Dr. S. J. Willis, superintendent of education, the board granted use of the High School for summer school purposes for 5 weeks from July 5. For the use of the building the board will seek a special grant from the department. Trustees Walter Staneland and R. F. Green were appointed to interview the department on the question of this grant to cover wear and tear on the building.

The board referred to the building and grounds committee a complaint from R. Porter & Sons that South Park School pupils trespassed on their garden on the north boundary of the cooking school.

A request from the Burnside P.T.A. to have the board assist in the purchase of a combination radio and phonograph was referred to the finance committee for report. Another letter from the same body asked improvements to the school ground drainage and was referred to the building and grounds committee.

The board received with thanks word that \$50 had been voted by the Burnside P.T.A. towards purchase of books for the school, and \$25 had been received from the Margaret Jenkins P.T.A. as final payment for improvements to the school auditorium.

Requests from school principals for various equipment were referred to George H. Deane, municipal inspector, for report.

Fairfield Choir Presents Cantata

The Fairfield United Church Choir of approximately 30 voices presented Maude's "Olivet to Calvary," Sunday afternoon in Fairfield United Church.

James Petrie, baritone soloist, sang the leading solos in the cantata. J. Morris Thomas sang the tenor solos with J. W. Buckler taking the incidental solo part of Pilate. Miss Connie Barlow sang the soprano solos.

Miss Isabel Pike conducted the choir as well as accompanying it on the piano, while Jack Smith played the organ.

The cantata was divided into ten sections. The first section opened with a chorus entitled, "On the Way to Jerusalem." The second section was a baritone solo, "O Jerusalem," and a tenor solo, "Like a Fair Vision." The third consisted of a soprano solo with chorus, entitled, "In the Temple." This was followed by a chorus, "Twas Night O'er Lonely Olivet," a baritone solo, with chorus, "Come Unto Him," and a tenor solo, "He Was Despaired." The fifth section consisted of a baritone solo "A New Commandment," followed by the choir singing "O Thou Whose Sweet Compassion." Next was another baritone solo, "And When They Had Sung a Hymn," followed by a hymn by Wilby Dunn. The choir then sang, "And While He Yet Spoke," with a tenor aria, "Ye Who Sin and Ye Who Sorrow." The next section was a chorus with a solo by Pilate entitled, "Crucify Him." The choir then rendered "The March to Calvary." The cantata was concluded with a baritone solo, "And When They Came to This Place," a soprano solo and chorus, "Droop Sacred Heart," and finally the chorus of "Rock of Ages."

Cariboo Highway Tolls to Start

The levy of tolls on the Cariboo Highway will start for the summer at 12.01 Good Friday, the Department of Public Works announced today. The highway is now open and in fair shape. The toll on the road is \$1. Motorists traveling over the Pattullo bridge at New Westminster do not have to pay the bridge toll if they also pay the highway charge.

Westbank Park Board Is Named

The provincial government today named a board of six to administer the Westbank Provincial Park on Okanagan Lakes.

Comprising the board are: S. K. MacKay, Mrs. T. B. Reece, Mrs. David Gellatly, James Ingram, Mrs. R. S. Pritchard and H. W. Brown.

By special order 1.01 acres of foreshore were added to the park those with the larger premiums also including teachers and school board officials.

ROAD NEEDS ARE STRESSED

Duncan Chamber Places Proposals Before Minister of Public Works

Road needs of the Duncan and Cowichan areas were stressed to Hon. F. M. MacPherson, Minister of Public Works, yesterday afternoon by a delegation headed by J. B. Creighton, president of the Duncan Chamber of Commerce, and accompanied by Mayor James Greig.

Completion of improvements on the Duncan-Cowichan Lake road, which has been widened to within four miles of the lake, was sought, and dust-proofing of the extension to Youbou.

The delegates complimented the minister on the new Island Highway cut-off through Cowichan Station, and urged steps be taken to preserve natural timber along the route as a scenic asset. The cut-off will be finished this summer. They asked the department to make a parking space along the road at Cowichan Bay to relieve the congestion created by cars of sport fishermen.

Mr. MacPherson assured the delegation the projects, most of which are already under way, would be continued as funds were available.

The Duncan men also urged the forest branch to continue the surfacing of Honeycomb Trail, which is regarded as the route for a future highway linking Duncan and Port Renfrew. Accompanying Mr. Creighton and Mayor Greig were V. M.

GUARD YOUR THROAT this pleasant way!

Millions do! Wrigley's Gum is an aid to a moist, cool throat. Chewing stimulates the thousands of little glands in your mouth, keeps your throat soothed and clear—helps keep you healthy! Get several packages of Wrigley's now at any store! Keep a supply at home, and in your pocket or purse. Enjoy it—millions do! Begin today!

Moistens the throat

BURNS CLUB

The last regular meeting of the current season of the Burns Club will be held in the Chamber of Commerce this evening at 8, when the reports of the various officers will be submitted and four directors elected. A good programme has been

arranged, and among those taking part will be Miss E. McLeod, elocutionist, Miss Catherine Denison, vocal solos; the Hawaiian String Quartette—of the Misses Fallick and Messrs. Fallick and Cooley; highland dancing, James MacBeth; piano-accompaniment, W. Moore and pipe selections, Pipe Major Donald Cameron. Refreshments will be served by the ladies.

Church Notices Early This Week

Owing to the Good Friday holiday this week all notices and advertisements for Saturday's church page must be in the Times office not later than Wednesday afternoon. Notices of pre-Easter services should be handed in earlier than this date if possible.

STOP
46 to 223 Feet
QUICKER
AT 45 MILES PER HOUR

SKID-CONTROL

Feel it STOP on wet, skiddy pavements

Feel it HOLD on steep, slippery hills

Feel it GRIP around dangerous, hairpin curves

Feel it CONTROL SKIDS even on slippery car tracks

Tests prove amazing safety of new Royal Master Tire ... with Centipede Grip

Think back to your last skid! Remember how quickly it happened—how helpless you felt in an emergency? Your brakes locked the wheels—but the tires skidded—and you found it impossible to make a quick, safe stop.

But you can make swift, straight-line stops on wet slippery roads—when you ride on Dominion Royal Master CENTIPEDE GRIP Tires. Hundreds of tests on all types of roads, have proved that these new tires stop 46 to 223 feet quicker at 45 miles per hour.

When you apply your brakes, the "de-skidded" cross cuts of the CENTIPEDE GRIP go into action. Hundreds of sharp, gripping edges bite through the slippery surface film—eliminate the very cause of skidding—and enable the flexible tread units to grip the road and bring your car to a fast, safe stop.

You'll find that Centipede Grip gives you amazing Skid Control—and a FLOWING SILENT RIDE, free from noise and vibration. Ask your Dominion Tire dealer for a free, convincing demonstration today.

Admits Wilfully Breaking Window

Charged with doing wilful damage by breaking a large plate glass window in the Britannia Branch of the Canadian Legion clubrooms on View Street, John McKibben pleaded guilty in the City Police Court this morning and was remanded until tomorrow for sentence.

Alex. Martin, steward of the club, testified the accused had been ejected from the premises yesterday afternoon after the bartender had refused to serve him a glass of beer.

A few moments later Martin said he heard a crash and on going outside saw the large front window of the clubroom was smashed. A broken beer bottle was found nearby.

The window was five by eight feet and cost of replacement was \$41.60.

TOWN TOPICS

Three motorists who pleaded guilty to parking charges were each fined \$2.50 in the City Police Court this morning.

The local council of the Amalgamated Civil Servants of Canada will hold the monthly meeting at 8 tonight in the clubrooms, Bastion Street.

Dr. V. L. Annett and George Saul were introduced as new members of the Kiwanis Club at the regular luncheon meeting at the Empress Hotel today.

An important meeting of the Lake Hill Community Centre will be held on Thursday night at 8, when a special committee will present the revised by-laws.

The City Hall will be closed from Thursday night until Tuesday morning in observance of the Good Friday and Easter Monday holidays, it was learned today.

The monthly meeting of the British Imperial Comrades' Association will be held on Thursday at 8 p.m., in the Hamley Building, 602 Broughton Street (top floor).

California carrots are at their lowest price in history, according to wholesale row reports today. Large bunches are selling for 5 cents. Asparagus is dropping in price as the season advances.

A permit for \$700 alterations to premises at 1034 Pandora Avenue, to convert a dwelling into a two-suite apartment, was granted yesterday to Mrs. M. A. Linell by the city building inspector's department.

The monthly meeting of the Y.M.C.A. board of directors will be held tonight at 5.30. A. Merl Harding, national Y.M.C.A. physical director, will be guest of honor at a dinner following the meeting.

Dr. H. Nowell of Vancouver will give a lecture on "Facts and Follies About Your Health," in the Chamber of Commerce, on April 28, at 8.15 p.m., under the auspices of the local anti-tuberculosis society. Dr. Nowell will deal with medical liberty, serum therapy, sanitation, food habits, the milk question and animal experiments.

Luther Holman was sentenced to seven days' imprisonment when he pleaded guilty in the City Police Court this morning to a charge of being intoxicated while in control of a car. Constable Roy Woolsey arrested the accused when he was driving erratically on Government Street and drove part way on the sidewalk of Wharf Street.

On two charges involving infractions of the Pawnbrokers' Act, William J. Bellew and Kenneth A. McLeod were called before Magistrate Henry Hall in the City Police Court this morning. The first charge alleged they had pawned a diamond ring without giving a pawn ticket for it and the second charge alleged the improper keeping of pawn books as required by the act. H. A. Beckwith appeared for the defence and agreed to an adjournment until next Wednesday.

RADIO EXPERT IS PROMOTED

Constable Wilfred F. Conlan, radio expert of the Provincial Police, stationed at headquarters here, has been promoted to the rank of corporal it was announced in this year's list of promotions.

The present success of the B.C. Police short wave telegraphy network which covers the province is largely due to the efforts of Constable Conlan who has personally constructed most of the 17 sets in operation.

He was also responsible a few years ago for the innovation of low power portable units which have been so satisfactorily employed by one-man detachments required to make extended patrols through barren sections of the province.

He has been a member of the force since July, 1932.

ONE YEAR FOR THEFT OF CAR

Frank D. Stewart, convicted on a charge of stealing an automobile, was sentenced to one year in jail by Judge H. H. Shandley in County Court today.

Sentence had been reserved pending efforts to secure a post for the accused in the navy. Had that been possible and had the Attorney-General been willing to permit suspended sentence on that consideration, Judge Shandley had stated he was prepared to waive a more serious penalty.

Two previous convictions were recorded against the accused.

At the first meeting of the newly-elected executive of the 20th Century Young Liberal Association, held last evening in Liberal headquarters, the following were appointed chairmen of

Gold Prospects In Wide Area

D. S. Tait Says Mining Possibilities on Island Not Confined to Zeballos

The probability is that an area of Vancouver Island stretching from Quatsino Sound down to Barkley Sound and possibly even to the Nitinat Lakes and inland from the West Coast over the island's mountain backbone to Nimish, Woss, and Upper Great Central Lakes will turn out to be good gold prospecting territory.

That was the gist of an address given before the Credit Granters' Association at its luncheon in Spencer's dining-room today by David S. Tait, who has interests in the Zeballos area.

Victoria, he added, must consider how it could get on the band wagon and share in the new island prosperity that was coming.

At the same time he warned his audience that in the boom that would undoubtedly follow there would be many mining ventures on the market with little or nothing concrete behind them, and that investors should take every possible precaution in examining any proposition put before them.

The area which he described had, he said, the same general geological characteristics as the bowl in the bend of the Zeballos area where the West Coast's present mining development was taking place.

Mr. Tait studied the question of what present mines amounted to, and found that by the engineer's rating of inch-penny weights at least two of the developed mines had vein values over good lengths of double those of the average in such established mainland properties as Pioneer and Bralorne, and that the probable ore indicated by present developments in Privater and Goldfields properties was as large as that at Reno and Sheep Creek.

PRESENT DEVELOPMENT

Mr. Tait studied the question of what present mines amounted to, and found that by the engineer's rating of inch-penny weights at least two of the developed mines had vein values over good lengths of double those of the average in such established mainland properties as Pioneer and Bralorne, and that the probable ore indicated by present developments in Privater and Goldfields properties was as large as that at Reno and Sheep Creek.

He took issue with Hon. W. J. Asselstine, Minister of Mines, on statements made by him in a recent article in which, he said, the minister was "nobly defending indiscreet statements by his deputy minister."

They were with regard to the underbrush and the difficulties of prospecting. The west coast of Vancouver Island, said Mr. Tait, was covered with stands of virgin timber, and as a result there was little underbrush.

He also said a large area suitable for prospecting on the West Coast was within at the most two days' packing from sheltered salt water.

In connection with present offers of stock in properties in the Zeballos area, Mr. Tait said he was fairly confident that at least one or two of the properties had no existence in fact, because in the rush of staking claims they had been laid out on already occupied land.

During his address Mr. Tait reviewed the history of the Zeballos goldfield and paid tribute to the handful of prospectors who had permanently damaged their physique by the strain of back-packing supplies and ore. He also told something of the original struggle of the Privater Company against trees, mud, and mountain sides.

The speaker was introduced by L. W. Cox and thanked by L. E. Evenden, president of the association.

Grant Appeals On Prior Case

Appeals of Joseph Boretti and Robert Singleton, convicted by Judge Harmer in Vancouver and sentenced to nine months imprisonment each, were allowed without argument by the Court of Appeal as it opened its Victoria sittings today.

The two, with a third, Walter Shackleton, were tried in Vancouver on a charge of breaking and entering Johnson's National Storage premises and stealing gasoline.

Walter Owen, appearing for the crown, stated he had no objection to allowing the appeal, since Shackleton had been released following a successful appeal in Vancouver and the facts were the same as in the Boretti and Singleton cases.

The court therefore allowed the appeals, quashing convictions.

A. Duncan Cruikshank represented the appellants.

Hartnell will be the editor. E. W. Bourke presided.

OBITUARIES

JOHN THOS. PIERRE

Many sympathizing friends attended the funeral of John Thomas Pierre held from Hayward's B.C. Funeral Chapel yesterday afternoon, Rev. Fred A. Hughes, Seattle, officiating, assisted by Rev. A. E. Whitehouse. The hymns "Nearer, My God, to Thee" and "Abide With Me" were sung. An abundance of beautiful flowers was received. The following were the pallbearers: Walter F. Spotts, Chester T. Alexander, Clifford L. Alexander and Alfred N. Spotts. The remains were laid to rest in the family plot in Ross Bay Cemetery.

CHAS. WESLEY TAYLOR

Funeral services for Charles Wesley Taylor will be held Thursday afternoon from the S. J. Curry & Son Funeral Home. Interment will be in Royal Oak Burial Park.

GEORGE JAMES GOODWIN

Funeral services for George James Goodwin, who passed away at his home, 1937 Gravelly Street, Vancouver, will be held tomorrow morning at 10.30 in the Sands Funeral Chapel. The remains will be interred in Colwood Burial Park. Born in England, Mr. Goodwin had been a resident of Vancouver for many years, being in the service of Hotel Vancouver. He is survived by his widow, in Vancouver; his parents, in England; three brothers and one sister. During the Great War, Mr. Goodwin served with the Canadian Siege Artillery.

GEORGE FLOYD WATKINS

Private funeral services for George Floyd Watkins were held this morning in the S. J. Curry and Son Funeral chapel. Rev. William Allan conducted the simple rites, after which interment was in the family plot in Royal Oak Burial Park, the four sons of the deceased: George, Godfrey, Hugh and Ronald Watkins, acting as pallbearers.

CHAS. R. HAMILTON

Private funeral services for Chas. Robert Hamilton, K.C., were held yesterday afternoon in St. Matthias' Church, Rev. Alan Gardiner and Ven. Archdeacon F. H. Graham officiating. The following acted as pallbearers: W. H. Bullock-Webster, J. H. D. Benson, D. O. Thomas, Judge P. S. Lampman, C. B. Winter and T. A. Airey. The remains were laid to rest in the family plot in the Royal Oak Burial Park. Sands Mortuary Ltd. was in charge of the arrangements.

FISH OUTPUT

AT \$17,000,000

Manufactures Slightly Down Last Year, But Fresh Fish Greater

Manufactures of fish products in British Columbia last year were worth \$12,617,127, according to estimates completed by the provincial fisheries department. This was slightly below the previous year, but fisheries output as a whole, taking in the fresh fish catch, was worth around \$17,000,000, about \$200,000 more than in 1936.

The drop in manufactures was due mainly to the lower salmon pack and a slight decrease in the meal and oil output of reduction plants.

Following are the estimated values of production by industries: Canned salmon, 1,509,677 cases, \$9,302,932; tiered salmon, 3,798 tierces, \$56,078; canned pickleds, 40,901 cases, \$110,129; pilchard reduction, 8,483 tons of meal, \$277,102; 1,707,981 gallons of oil, \$514,740; dried herrings, 27,365 cases, \$87,259; dry salt salmon, 5,522 tons, \$285,517; dry salt herring, 10,230 tons, \$204,160; herring reduction, 14,643 tons of meal, \$514,761; 1,333,245 gallons of oil, \$287,919; miscellaneous reduction from fish offal, dog fish, etc., 2,445 tons of meal worth \$80,740; 266,009 gallons of oil, \$64,345; clams, 12,596 cases, \$64,753; crabs, shrimps, oysters and abalone, 2,500 cases worth \$32,000.

Service Corps Society Formed

Old soldiers and young militiamen met last night and decided on the formation of an Army Service Corps Association to include all ranks from all branches of the Army Service Corps.

Temporary officers were elected to draft a constitution for submission to a general meeting to be held in the sixth divisional headquarters' room at the Armories, Bay Street, on May 9.

The opportunity afforded old comrades to discuss experiences of the past and the desire to help the active militia unit was the main idea behind the decision to proceed with the organization.

The officers elected were G. Havard, Capt. A. S. Parkes and Lieut.-Col. H. Allan. These officers will give information to any serving or ex-members of the Army Service Corps, and will welcome inquiries from those interested.

Set Date Of Queen Contest

Round Trip to 1939 World's Fair For Winner and Her Attendants

A score or more local organizations will shortly be invited to select candidates to run for election as Victoria's Celebration Queen in the forthcoming queen campaign.

The dates for the contest were set from June 11 to July 16 last night at an executive meeting of the Victoria Junior Chamber of Commerce celebrations' committees in the Chamber of Commerce committee rooms. Alderman W. H. Davies, city representative on the executive, was present.

The young "Miss Victoria" who polls the largest number of votes in the contest, will, aside from winning a prize valued at \$150 and being feted during the mid-summer celebrations, be given a round-trip to the San Francisco World's Fair in 1939, all expenses paid. A \$100 prize will be awarded the runner-up and the candidate placing third will be given a prize equal to \$75. The two runners-up will act as attendants and will attend the World's Fair with the queen accompanied by a chaperone.

Candidates must be single and of an age between 18 and 25. Thomas Sturges, chairman of the queen contest committee, reported that it is planned to have the pictures of the various candidates on the tickets, which will be sold at 10 cents each. Each ticket will be worth 10 votes.

Closing date for entries in the contest is May 14. All activities pertaining to the celebrations will be handled in the Show Boat office adjacent to the Chamber of Commerce, Arcade Building. The office will be open from April 15 to August 15.

Ed Glover and Conway Parrott gave accounts of the progress being made by the day parade and publicity committees, respectively.

A suggestion from Alderman Davies that a state carriage, a replica of that seen in the moving picture "Victoria the Great" be constructed for the queen and her attendants met with the approval of the meeting. Jack Hartree, chairman of that committee, was instructed to look into the possibilities of such a construction and other matters such as costumes for the women of the guard.

Athletics Are Valuable Tool

Important to Child Education Because of Bearing On Character Building

"Physical culture, training and education is a valuable tool in the hand of the educator," A. Merl Harding, National Y.M.C.A. physical director, declared during the course of an address to the Kiwanis Club today at luncheon.

Its importance lay primarily in the school age of the adolescent when its psychological advantages could be brought into use in conjunction with body development. The psychological features he stressed as being the most important as they had direct bearing on character building. "Physical education helps people to develop normally," he said.

Mr. Harding told of the rapidly rising world-wide regard for the value of physical education nationally. Physical culture in a military form was one of the large features of education in many of the countries of Europe today. "The results, however, should be looked for in the purpose of the organization which fosters physical education," the speaker declared.

ABILITY TO PLAY

The present trend of physical education in the United States and Canada was a hodge-podge of the systems used in Europe. The most important and significant factor of the conglomeration was the ability to play, a tradition in physical education which originated in Great Britain. The incorporation of these different systems into a feasible culture setup in North America was largely due to the Y.M.C.A. and the many universities on the continent.

Mr. Harding remarked on commercial sponsorship of athletics as being detrimental to the character of the athletes involved. "Exercise will not grow muscles, will not reduce weight and will not cure all. It will tone up muscles, stimulate the body systems, improve the living ability and will provide an unparalleled social recreation," the speaker said.

Charcoal from coconut shells has proved useful in making gas masks because it absorbs gas effectively.

ARBITRATION IS INVOKED

Machinery of New B.C. Labor Law in Use For First Time

The arbitration clauses of British Columbia's new labor law governing industrial disputes has been invoked for the first time to deal with differences between the Pacific Lime Company and its employees at Blubber Bay. Operation of the new machinery for dealing with disputes of this kind is being watched with keen interest by labor officials here.

Hon. George S. Pearson, Minister of Labor, said today notice had been sent to both sides to name arbitrators within seven days. After they are chosen the arbitrators have five days in which to choose a third party as chairman. If they cannot agree on a man the government will name the chairman.

Provision for an arbitration board is the second step in British Columbia's new labor disputes machinery. The first move, the appointment of a conciliation officer, failed when this official was unable to bring the two parties together on wage issues and other points in dispute.

About 100 men were originally involved in the dispute. While the conciliation and arbitration moves are carried out they are remaining at work, a strike during this period being outlawed by the act. After the arbitrators report, however, the men may go on strike after a fixed time has elapsed if they are not satisfied with the finding.

This is the first time since the labor law, which also guarantees collective bargaining rights, was passed that a dispute has reached the arbitration stage.

Charcoal from coconut shells has proved useful in making gas masks because it absorbs gas effectively.

GEORGE MACFARLANE BUTCHER, Dated 18th March, 1938.

Dean's Ashes to Rest In Cathedral Column

Preached Last Sermon Laboring Under Agony of Physical Stress

The ashes of the Very Rev. Cecil S. Quainton, former Dean of Columbia, have arrived in Victoria and will be interred in one of the stone columns of Christ Church Cathedral.

Arrangements are being made to have this final office performed at the conclusion of the morning service at the cathedral on April 24.

High tribute to the late dean was paid in the parish of Ruimsig, Buckinghamshire, where he preached his last sermon less than 30 hours before he died on February 22, and in the course of the tributes it was made known that the late dean preached his last sermon while seriously ill.

His last sermon was to a youth service and he carried on despite being in great pain.

Although he was only a short time in Ruimsig, going there in November last year to look after the parish in the vicar's illness, he had won the hearts of the local people.

"By his honest sincerity, his high Christian principles, his ready understanding and sympathy he quickly won the hearts of all with whom he came in contact, and he filled St. Martin's Church to overflowing with his simple but uplifting sermons," says the local paper.

The following appreciation was given by Rev. Hessel of Ruimsig: "Some three months ago," he said, "the late vicar of Ruimsig, the Rev. Canon Cornwall Jones, passed from our midst and we who worked with him and under his great kindness of heart, were cast into grief and depression. When he left a glorious messenger of hope and grace, Dean Quainton arrived as (to use his own delightful phrase) 'a sort of stop-gap missionary parson.' Now he also, that great-hearted, lovable man of God, after just over three months of joyous and fruitful work for Christ, has passed from us.

"In placing on record my personal gratitude and affection, I venture to say I am voicing the opinion of the whole parish, not only of church folk, but the hundreds who never darkened the church doors until, by his down-right Christianity, vision and humanity, he drew them to St. Martin's until the church was so crowded that forms and chairs had to be hastily borrowed to accommodate the people in the aisles and at the extreme end of the church.

"Men, women, boys and girls, he drew them to God's house, not by the aid of music, vestments, stunts, but simply by talking to his great congregations of the Saviour, Jesus Christ. On Sunday evening last he was a very sick man and laboring under an agony of physical stress, yet, rather than disappoint the packed and expectant church, he preached his last sermon. For 40 minutes, wedged into the pulpit by straining his feet against the stool in

North parts of Lots 1 and 2, Block 1, Section 24, Plan 271, Situate S.E. corner of Oak Bay Ave. and Rockland Ave. For full particulars apply to the undersigned.

M. KIRKPATRICK-CROCKETT, City Lands Commissioner, 814 Cormorant Street, Victoria, B.C., April 11, 1938.

front and resting his back at the ridge of the fear cornice, this great and gallant gentleman preached, I say, his last sermon.

"Those who were present will count themselves singularly blessed to have been with him at what has turned out to be his farewell, for in less than 30 hours he was dead. Dead, did I say? His body perhaps, but I'll not believe that his triumphant soul goes marching on. Therefore we glean comfort for this sure and certain knowledge. As to his memory, he has left such a name behind him as to stimulate the parish to follow his great example and eschew all hate, malice, fear and uncharitableness."

Friends Meet After 59 Years

Exchange Experiences On Eventful Lives in Canada Since Parting in England

James "Jim" Sloman, 1018 Clare Street, and Tom Seaman of Edras, Man., last saw each other 59 years ago in their home town of Milverton, Somersetshire, where they went to school together.

Two weeks ago Jim Sloman answered the telephone at his house. A voice said "this is Tom Seaman, is Jim Sloman there?" "This is Jim Sloman," speaking," answered Mr. Sloman, "when can I see you, Tom?"

A date for the next day was arranged, and for the remainder of Tom Seaman's visit in Victoria two chums of boyhood days recaptured an old friendship and related experiences of eventful lives which both had led since they parted nearly 60 years ago. Tom Seaman today is 81 and Jim Sloman is six years his junior. Seaman has a large farm in Manitoba and Sloman is resident in the British Columbia fur traders of his day, but both have enjoyed the rugged pioneer lives closely entwined in the romantic building up of Canada's Dominion.

As a lad of sixteen and a half Sloman left his home town to join the British Army for service in India and Egypt. That was in 1879, and when he left he said goodbye to Seaman, then engaged as a young man in dock work on the English coast.

IN 1885 Sloman completed his army service and returned to his native ground only to find that his friend Tom Seaman had left two years before to try his luck in Canada. Three of his brothers also took the big step with him, and they settled around Winnipeg in the community now known as Edras, where today there are more than 100 Seamans.

Jim Sloman's nature demanded he keep on the move. Following in the footsteps of his friend he also decided to come out to Canada. It was not long, however, before he traveled south of the 49th parallel and during the next 15 years he covered much of the southern section of United States working with the Great Northern Railroad. He punched cows for a while in the land of the Rio Grande. Later he went Mexico. Finally British soil called again and in 1900 he came to Victoria and proceeded to the West Coast as a fur trader, operating a store at Nootka for 17 years.

Seaman's life was different. At Edras he acquired a 1,200 acre farm and for year he developed it before leaving out most of it. He still keeps a large portion, however, where he supervises his children, grandchildren and great-grandchildren.

IN PUBLIC LIFE

During his years on the prairies he has been magistrate and county auditor of Edras—quite an achievement for a boy who left school at 12.

He had been to Victoria before, but never knew that Sloman lived here. It was only by chance that Sloman happened to see an item in a prairie paper of the activities of the Seaman family and decided to get in touch with Tom.

Both men are well known fur traders and each carries the gold medal of the past chief ranger.

NANAIMO

NANAIMO—Prompt action on the part of William Melzer who noticed flames in the kitchen of the home of Joseph Poje, Park Avenue, saved the building from being destroyed.

Defective wiring is believed to have started the fire during the family's absence.

Neighbors joined in the bucket brigade started by Mr. Melzer, and kept the fire from spreading past one room.

At Oak Bay

Joel McCrea in a scene from "Wells Fargo," which is now at the Oak Bay Theatre.

Charges Against Otto Hapsburg Nazi Says Warrant May Be Issued; Pretender Is in Belgium

VIENNA (AP)—A warrant may be issued soon for ex-Archduke Otto, pretender to the Austrian and Hungarian thrones, in connection with possible treason charges, according to a statement by an official of the press department.

The official said investigations were in progress "concerning opinions Otto expressed just before the Nazi assumption of power (in Austria) and well-known declarations by him." These "would seem to point to treason charges," said the official, who avoided discussing extradition measures involved.

Otto Hapsburg, eldest son of the last Austrian emperor, is now a resident of Belgium and several points of international law might be involved. There are many interesting studies in the group, taken at various spots along the Pacific Coast, but mostly in Victoria. There are portraits of dogs and flowers and a number of still-life studies that are exceptionally good.

One picture shows two Victoria City policemen directing traffic in one of the winter's snowstorms. Others include a market scene in Seattle; the Bay Bridge at San Francisco; the Ferry Building at San Francisco and character studies.

Pierce-Arrow Goes Bankrupt

BUFFALO, N.Y. (AP)—Liquidation of the Pierce-Arrow Motor Corporation was ordered here Monday by Judge John Knight. The order declared insolvent the once-thriving manufacturers of high-price motor cars.

Popular Cast at the Dominion

Paul Muni heads the cast in "Scarface," which is now the feature attraction at the Dominion Theatre.

PAUL MUNI IN LEADING ROLE

Dominion Theatre Shows "Scarface" With Famous Character Actor

"Scarface," the smashing Howard Hughes gang-film, is the most tremendous motion picture ever screened, in the opinion of Ben Hecht, famous playwright and author, who wrote the screen story on which the United Artists film is based.

After previewing the picture in New York, Hecht wired Howard Hawks, the director, that he had never witnessed a more powerful picture.

"Scarface" with Paul Muni in the title role, comes to the Dominion Theatre today.

The cast includes Ann Dvorak, Hollywood's latest "Cinderella," Karen Morley, Osgood Perkins, C. Henry Gordon, George Raft, Vince Barnett, Boris Karloff and Tully Marshall.

LEE FOLEY TO APPEAR HERE

Internationally-known Dancer Will Bring Concert Group to Victoria

Much interest has been created by the announcement that Lee Foley, who has danced in London and Paris and has taught in Chicago and Seattle, will come here with his concert group on Monday evening, April 25, to appear at the Empire Theatre.

Lee Foley, although still a young man, has had an interesting career. He began his artistic career as painter and studied at the Chicago Academy of Fine Arts and the Chicago Art Institute.

He first studied dancing to help his painting and took it up entirely after he danced for Adolph Bolm, who advised him to go on the professional stage.

When he was studying in Paris he was given an opportunity to appear in "Le Petit Moulin," which he did with outstanding success.

Later he appeared with the Chicago Grand Opera, and danced in leading art centres in many parts of the continent.

Atlas Will Show Musical Picture

"Back-stage" musical comedies will always be popular," says B. DeSylva, formerly of the famous music publishing firm of DeSylva, Brown & Henderson, and now one of the top producers of musical comedies in Hollywood.

DeSylva, who produced one of the earliest screen musicals, "Sunny

"The End of the World"

II.—DANGER FROM COMETS

In times gone by, many people were much afraid of comets. They feared some terrible event was ahead when they saw one in the sky.

Now we know a great deal more about comets than was known a few hundred years ago. Giant telescopes have been turned on them, and many facts have been learned about their size and their orbits.

Halley's comet on night of May 13, 1910. The bright spot at the right is the planet Venus.

About 1,000 visits of comets are on record. This number includes some which have been coming back every few years, and which are to be seen only with the help of telescopes. During the past 60 years, astronomers have observed an average of five or six comets per year.

The most famous comet seen during the present century is Halley's. It was a great sight in the sky in the year 1910, and no one needed a telescope to see it! The next visit of Halley's comet is scheduled for 1986.

Many persons were worried about the coming of Halley's comet in 1910. They feared it would strike the earth, and reports came from Europe of people taking their own lives because of fear. What a foolish thing it was!

As it turned out, Halley's comet did no harm to anyone. Neither has any other comet hurt a single human being, so far as our records go.

Comets differ a great deal in size. Sometimes the front part, or head, is less than 10,000 miles wide. In other cases the head has width of a million miles. Holmes' comet which appeared in 1892, had a head 1,400,000 miles wide.

The "nucleus" of a comet is the more solid part of the head. We might call it "the real head not counting the hair." Usually it is less than 100 miles wide, but sometimes it has a width of 400 or 500 miles.

The tails of comets also differ. Some have very short tails, or none at all. Others have tails stretching out about 100,000,000 miles.

Although some comets are of huge size, they are not made of heavy stuff. Careful tests by astronomers seem to prove that the largest comet ever measured does not weigh as much as the moon.

We are told, in fact, that a hundred of them together would not weigh as much as the moon.

The heads of comets are believed to contain solid objects probably like meteors. Millions of meteors have struck the earth without doing any great harm, so why worry about a comet striking us? Even if it came "head on," it probably would amount to no more than a heavy shower of meteors.

UNCLE RAY.

HOROSCOPE

WEDNESDAY, APRIL 13, 1938

Adverse planetary aspects are dominant today, according to astrology. There may be influences affecting the nerves and causing discontent and rebellion. Owing to a tendency to deceive oneself and overrate one's ability, egotism may be rampant and quarrels easily started. Selfishness may be apparent in business as well as in domestic relations. Russia, the power that causes may guesses concerning future Soviet world policies, comes under a fortunate planetary direction in the summer, when prosperity should spread. Success in any clash with another nation is indicated.

Demand for rubber and tin stocks is forecast as a feature of speculation in the coming summer, when stock markets will focus widely separated interests.

Persons whose birthdate it is have the augury of a year of fair prosperity, but there may be many severe tests to patience. Many disputes concerning money matters are presaged.

Children born on this day probably will be extremely forceful and individual. Subjects of this sign usually depend upon their own personalities and their own energies.

HUMPHREY BOGART

Dorothy Dix's Letter Box

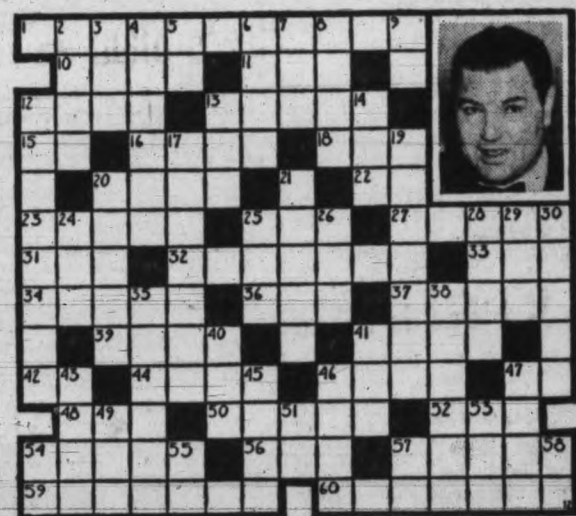

DEAR MISS DIX—My husband and I have been married eight years. As we have no children and I can never have any, I have been thinking about adopting a baby. My husband is divorced from his first wife and has two children by this former marriage who were given into the custody of their mother. They have just been paying us their first visit as she would never let them come before, but now that they are of high-school age she is willing that they should live with us and go to school here as the schools are very fine. My husband is naturally anxious for the children and cannot understand why I hesitate about their coming, but for four years I have cherished the idea of adopting a baby that would seem more like my own. I need something that is helpless and dependent on me. Should I forget my dream of the baby and try to love these two children who are a constant reminder of another marriage? Or should I fight for my own rights? **UNDECIDED.**

Answer: May I tell you a story Once upon a time an old Negro friend of mine, poor as poverty herself and with a houseful of children of her own, told me of a little half-starved wail, motherless and fatherless, who had drifted to her door. "I prayed to God," she said, "to tell me what to do about this child and it seemed to me I heard a voice saying: 'The child is there in your house. He is hungry. He is ragged. He ain't got no maw or no paw. What other answer do you need?'"

Doesn't that story apply to your case? Here are these children who are the innocent victims of a broken-up home. They need a father, a father's guidance and love, and he longs for his children. What is there for you to do but to take them in and try to give them a mother's love and perhaps a sympathy and understanding that their own mother is incapable of giving them?

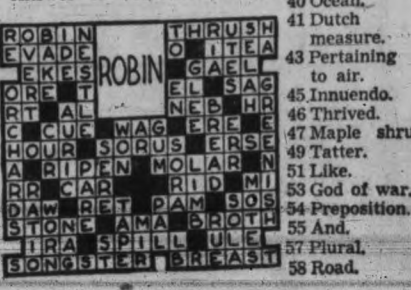

I grant you that is a difficult thing for any woman to do to mother another woman's children, and especially when that mother is still alive. Also, adolescent children are hard to stand even when they are one's own, but, nevertheless, I think you can be big enough and brave enough and love your husband enough to do it.

And the baby can wait for the three or four years that it will take children of high-school age to grow from childhood into manhood and womanhood, and get them out into the world on their own. And, if you do your task wisely and well, you will get your reward in making friends of these children and in winning your husband's everlasting gratitude. **DOROTHY DIX.**

U.S. Wheat Total Is Reported Up

April Estimate Puts Winter Crop at 725,707,000 Bushels

WASHINGTON (AP)—The United States agriculture department reports a winter wheat crop of 725,707,000 bushels was indicated by April 1 crop conditions. Production was \$85,102,000 bushels last year.

Average production for the 10 years, 1927-36, was 546,396,000 bushels.

Winter wheat was sown last fall on 57,492,000 acres—about the same area as the previous year. Conditions on April 1, the crop reporting board states, indicated an abandonment of about 13 per cent, leaving about 49,900,000 acres for harvest, and a yield of 12.6 bushels an acre.

STREET CAR DEATH DAMAGES GIVEN

VANCOUVER (CP)—Mrs. Matilda Smith, 58, was awarded \$9,000 against the British Columbia Electric Railway Company and street car motorman R. H. Hunter in the B.C. Supreme Court yesterday by Mr. Justice A. I. Fisher for the death of her husband two years ago.

Mr. Justice Fisher gave judgment after an eight-man jury had found the railway company and its motorman were 75 per cent to blame for the accident which resulted in Smith's death.

The jury found the motorman to blame for not having his street car, which struck Smith, properly under control. Smith was found 25 per cent to blame for crossing in the middle of a block.

VANCOUVER TRIES TRAFFIC WATCHERS

VANCOUVER (CP)—Alderman Fred Crone, civic traffic committee chairman, intimated to the city council Monday that citizen traffic observers were operating on an experimental basis.

He would give no details, but said Chief Constable W. W. Foster had arranged for a system of observers in conjunction with private organizations.

Under the plan 200 traffic observers would report traffic violations.

When a motorist was reported the first time he would receive a letter from the chief suggesting greater caution. If reported a second time a stronger letter would be sent. A third violation would bring a visit from a traffic officer and a fourth "drastic action" by police.

Forestry Camp Head Is Killed

MISSION, B.C. (CP)—Major Graham A. Watson, supervisor of the government forestry camp at Deroche, was killed late Monday when a truck in which he was riding left the highway and overturned a few miles from here. Pat Dixon, driver of the truck, escaped with bruises and shock. He was brought to the hospital here.

Deroche is 10 miles east of here.

Weather Bureau Will Aid Planes

Storms of North Atlantic Will Be Outwitted When Regular Service Starts

NEW YORK (AP)—A scheme to outwit the storms of the North Atlantic, for the first time since ocean traffic started between the old world and the new, was in formulation today for protection of air transport passengers.

The course of storms originating in the Arctic Circle or the Caribbean will be plotted by an elaborate system of observations to which seven nations, including Canada, will be parties.

When giant flying boats begin carrying passengers, mail and express between United States and Europe this year, their captains will be able to fly around, under or over the "storm fronts" of the Atlantic with the aid of precise meteorological information gathered from the "rim of the ocean" and from ships at sea.

COSTLY AFFAIR
Just returned from an international conference of the four nations planning on the inauguration of trans-Atlantic air service, United States representatives said facilities for the ocean-wide weather service to be set up would cost in excess of \$1,000,000.

Up to now, accurate weather information has been available to steamships and air transports over only the western half of the Atlantic.

Weather reports will be made and despatched from Canada, the British Isles, the North Sea area, the Channel, Bay of Biscay and Mediterranean areas, Portugal, the Azores, Greenland, Iceland, the United States and from the West Indies as far south as Port au Spain, Trinidad.

The American representatives at the conference, E. L. Yuravich, of the Department of Commerce, and D. M. Little, of the Weather Bureau, said elaborate upper-air reports from ships at sea, obtained by "sounding" balloons, would augment the data from land stations.

"Radio guards" to advise air transports of their positions at stated intervals, and "safety guards" through keeping an accurate check on the positions of steamships, also were agreed upon at the Dublin meeting.

MAILS

BRITISH

Close, 4:00 p.m., April 14, St. Aquitania via New York.

Air mail closes 8:30 a.m., April 18, via New York.

Air mail closes 8:30 a.m., April 21, via New York.

Close, 1:10 p.m., April 18, St. Dunstons of Bedford.

Close, 1:10 p.m., April 19-18, JAMAICA.

Close, 1:10 p.m., April 15-17, YUKON AND ATLANTIC.

Close, 1:00 p.m., April 12, 22, May 2, 13 via Vancouver.

Close, 4:00 p.m., April 15, 25, May 5-16, via Seattle.

CHINA AND JAPAN

Close, 4 p.m., April 16, Empress of Russia, due Yokohama, May 27, Shanghai, May 28, Hongkong, May 29.

Close, 11:15 p.m., April 22, Hikawa Maru, due Yokohama, May 11, Hongkong, May 12.

Close, 1:10 p.m., April 20, Empress of Japan, due Yokohama, May 17, Hongkong, May 18.

Close, 1:10 p.m., April 22, Ision, due Yokohama, May 18, Shanghai, May 28.

Close, 4 p.m., April 28, President Jefferson, due Yokohama, May 11, Hongkong, May 12.

Close, 4 p.m., April 30, Empress of Japan, due Yokohama, May 17, Hongkong, May 18.

Close, 1:10 p.m., April 22, Hikawa Maru, due Yokohama, May 11, Hongkong, May 12.

Close, 1:10 p.m., April 22, Ision, due Yokohama, May 18, Shanghai, May 28.

Close, 4 p.m., April 28, President Jefferson, due Yokohama, May 11, Hongkong, May 12.

Close, 4 p.m., April 30, Empress of Japan, due Yokohama, May 17, Hongkong, May 18.

WANT HIGHWAY SOON FINISHED

Less Than 50 Miles of Road Would Now Connect Vancouver and Edmonton

EDMONTON (CP)—Less than 50 miles of road would be needed to complete a new all-weather highway between Edmonton and Vancouver by way of Jasper, Alta., and Kamloops, B.C., C. H. Grant, director of the Alberta Motor Association and president of the National Parks Highway Association, an organization of the four western Canadian provinces, said here today.

Grant said he would urge completion of such a route at a meeting of the association at Prince George, May 7.

"The meeting will urge that the federal government take over Mount Robson Park, now owned by British Columbia, in order that 49 1/2 miles of road be constructed, the total mileage of gaps between an outlet to Vancouver," Mr. Grant said.

"Practically all the mileage referred to is the park. From Jasper to Blue River, in British Columbia, is a distance of 137 miles and there are three gaps there, one of 38 miles, one of seven miles and one of four and a half miles.

Filling in the gaps would be "easy construction," Mr. Grant said. Survey by the Dominion Government showed that the cost of building an all-weather highway from Jasper to the present end of pavement in British Columbia at Kamloops would be \$750,000.

He claimed the road would soon pay for itself through tourist traffic.

"From Winnipeg, the highway would connect with seven national parks, Riding Mountain Park, Man. Prince Albert, Sask.; Wainwright, Elk Island, Jasper, Banff and Kootenay."

Distance from Winnipeg to Vancouver by the proposed route would be 1,763 miles.

New Planes Tried Out at Burbank

MONTREAL—First test flights of the first two of the 10 Lockheed 14H monoplanes ordered by Trans-Canada Air Lines will be made today at Burbank, Calif. Members of the TCA personnel will be present to witness the flights and to pilot the planes to Vancouver as soon as they are satisfied with the tests.

The new planes will have accommodation for 11 passengers and a crew of three and will have a cargo capacity of 2,700 pounds. With 250 miles an hour as top speed and a cruising speed up to 220 they will be able to provide flight schedules as rapid as any across the continent. They have a fuel capacity of 534 gallons and a cruising range of 1,575 miles. Each plane has two Pratt and Whitney Hornet engines. Fully loaded, planes will weigh 17,500 pounds. Wing span is 65 feet 6 inches, wing area 551 square feet and overall length 44 feet 4 inches.

Public to Visit Four Destroyers

VANCOUVER (CP)—The four Canadian destroyers now moored at a Canadian Pacific pier here were open for public inspection this afternoon, and two of the four will be open tomorrow.

Thursday morning the vessels—Skeena, Fraser, St. Laurent and Saguenay—will sail for Esquimalt, Canada's Pacific coast naval base.

Wednesday only the Fraser and St. Laurent will be available for public inspection.

Vancouver Shipping

VANCOUVER (CP)—The motorship Hikawa Maru arrived here yesterday with 120 passengers from the Orient. Sixty-eight landed here.

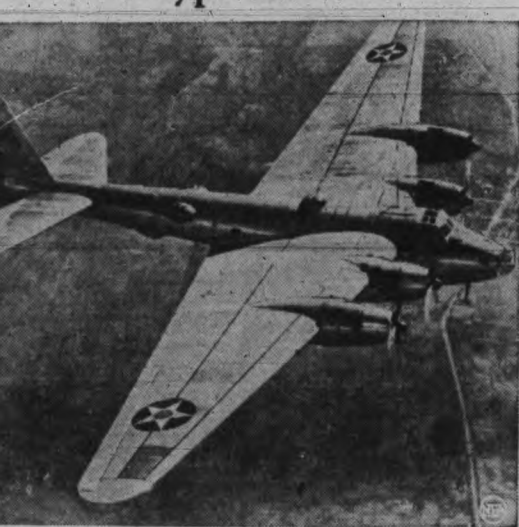

The vessel sailed at 6 p.m. for Seattle.

The halibut vessel Kingfisher sold 6,000 pounds of chicken at 5.6 cents and 3,000 pounds of medium at 7.6 cents on the Vancouver Fish Exchange yesterday.

Three halibut took their catches to Seattle last week to obtain higher prices. The B and Y and the B.C. Clipper received 12.125 cents a pound less 1 cent duty for mediums and 7.134 cents a pound, less 1 cent, for chickens.

The Haida Chief sold chicken at 13 cents and her large at 7 1/2 cents.

Newest Type U.S. Bomber

Government officials in Washington were given a demonstration of the republic's growing air strength when the army's new giant four-motored bomber shown above went through its paces. Known as the XB-15, the plane has unique "blisters" along the fuselage, housing machine gunners.

SALVAGE JOB OUTSTANDING

Details Received of Floating of Ms. Asama Maru in Hongkong Harbor

SEATTLE—Details of the outstanding job of salvaging the N.Y.K. liner Asama Maru reached Seattle this week in a letter from E. A. Kinsey, formerly of the San Francisco staff and now stationed in Hongkong.

The 17,250-ton liner was driven ashore, along with 22 other ships, in a devastating typhoon which struck Hongkong last September. She was grounded solidly in a mixture of gamban, or sand and clay. It took 5,580 pounds of dynamite, 36 divers, working up until March 11 and the removal of two 250-ton engines to bring her off.

Kinsey's letter, in part, said "After a surprise to all, as she wasn't supposed to come off until March 13. The purse was in the office on Friday afternoon and knew nothing of it. When he went back to the ship he found her float in deep water."

EXTENSIVE PREPARATIONS

"The salvage operators felt her getting buoyant and decided to hook on and see what would happen. She took to water. They put out seven lines with anchors and five lines after with anchors. All were wound round the winches on deck. The tug steamed forward and dropped three lines with anchors and these lines were tied to winches on the tug."

"The tug backed up to the ship and hooked a couple of lines to a hawser which had been run forward full speed and started winding her winches at the same time, pulling at the lines attached to the anchors. The winches on the Asama's decks were started and one tremendous pull was enough to free her."

"She was towed into the harbor and to see her you would have thought she was coming in from a voyage at sea."

The Asama left later for Nagasaki, where repairs of \$2,000,000 are now being carried out. Her master is Capt. B. Kaneko, formerly of the North Pacific liner Hikawa Maru.

Coastwise Sailings

VICTORIA-VANCOUVER
Princess Charlotte leaves Victoria for Vancouver daily at 1:35 a.m.; arrives Vancouver, 6:35 a.m.

Spoken By Wireless

April 11, 8 p.m.—Shipping:
WARWICK, bound Vancouver, 260 miles from Vancouver.

IXION, Yokohama to Victoria, 220 miles from Victoria.

PRESIDENT JEFFERSON, Yokohama to Victoria, 220 miles from Victoria.

ENOSHIMA, bound Port Alice, about 100 miles from Victoria.

Relieved Point 9 p.m.
GRIPPO, Port San Marcos to Long Beach, 424 miles from Long Beach.

April 12, 12 noon—Weather:
Eastern—Part cloudy; northeast, light; 29.41; 45; sea, light swell.

Western—Lightship—Cloudy; north, light; 29.97; 47; sea, light swell.

Swiftsure—Lightship—Cloudy; north, light; 29.97; 47; sea, light swell.

Cape Lazo—Cloudy; calm; 29.95; 45; sea, smooth.

Waterfront Notes

With cargo and passengers aboard the Canadian-Australasian motorship Aorangi, Capt. T. V. Hill, when she sails to sea tomorrow evening for Honolulu, Suva, Auckland and Sydney.

The Mounted Police Arctic cruiser St. Roche is having her underwater portions resheathed on the Yarrow slipway in Esquimalt Harbor. It will be some days yet before she is floated.

Saturday will see the departure for the Orient of the Canadian Pacific liner Empress of Russia to Seattle. She will take out a light list of passengers.

Inbound from the Orient, St. President Jefferson, of the American Mail Line, is scheduled to reach the Rithet pier tomorrow evening at 9. She has a good cargo for discharge, and will be here until midnight before proceeding to Seattle.

DesBrisay Sees Big Travel Year

"We expect a good summer season, as far as tourist travel is concerned," said N. R. DesBrisay, assistant passenger traffic manager of Canadian Pacific western lines, with headquarters at Winnipeg, who was a business visitor to Victoria yesterday.

"Both railways have made all preparations to handle voluminous traffic to the coast from eastern and prairie points," he said.

He said the Easter week-end travel from Alberta was expected to be exceptionally heavy.

Bargain fares in recent years had brought an enormous number of prairie people to Victoria and Vancouver, Mr. DesBrisay said, and plans were being made to operate such reasonable trips again this season.

Many Youngsters Traveled at Sea

MONTREAL—The younger generation is well represented among those who go down to the sea in ships. More than 9,000 children, including 1,500 babies, crossed either the Atlantic or the Pacific Oceans or traveled on cruise ships with the Canadian Pacific during 1937, according to the company's records.

Canadian Pacific liners made a total of 147 voyages during the year and carried altogether 135,960 passengers in all classes, averaging rather more than 900 passengers per trip.

Deep-sea Shipping

SALVAGE MAN PASSES AWAY

Harry McLean, Ship's Carpenter of Salvage King, Highly Esteemed

Funeral services for Harry McLean, 54, who died at St. Joseph's Hospital on Sunday, have been arranged to take place Thursday afternoon at 2 in the chapel of the Sands Mortuary, with interment in Royal Oak Burial Park.

Since his arrival here from England 28 years ago as ship's carpenter of the Canadian National steamer Prince Rupert, the late Mr. McLean had been well known in local shipyards and in salvage circles.

For the last 15 years he had been ship's carpenter of St. Salvage King and worked on the salvage of Ms. Beulah at Ogden Point during the first three months of this year. Following the successful completion of that job he went to hospital.

"He was a splendid worker and a fine man and we'll miss him very much," said W. G. Jordan, superintendent of the Pacific Salvage Company. "He was one of the most popular men in the company."

Mr. McLean was born at Newcastle-on-Tyne, England. He was a member of Masonic Lodge No. 24. Surviving are the widow and one daughter, Miss Kate McLean, at present visiting in Edinburgh, and two brothers, James and John in England.

Mr. McLean lived at 124 St. Lawrence Street, in the James Bay district.

At World Ports

Arrived—New York, April 11, California, San Francisco; Cameron, Glasgow; Virginia, San Francisco; Hamburg, April 10, President Roosevelt, New York; Southampton, April 9, St. Louis, New York; April 10, Hamburg, New York; Hamburg, April 10, St. Louis, New York; April 11, Hamburg, New York; Cherbourg, April 10, Hamburg, New York; Naples, April 11, Conte di Savoia, New York; Hongkong, April 7, Empress of Asia, Victoria, B.C.; Plymouth, April 11, Queen Mary, New York; Bergen, April 10, Bergensfjord, New York.

Sailed—Liverpool, April 9, Samaria, New York; Genoa, April 10, Roma, New York.

Arrived—Osaka, April 7, Amagisan Maru, Los Angeles; Rotterdam, April 8, Tacoma Star, Seattle; Glasgow, April 9, Lochkatrine, San Francisco; Liverpool, April 10, Gothic Star, San Francisco; Sydney, April 9, Niagara, Victoria, B.C.; Kobe, April 9, Kano Maru, Los Angeles.

Sailed—April 9, Titibu Maru, Los Angeles; Swansea, April 9, Drechtdyk, Victoria B.C.; Batavia, April 9, Pleasantsville, San Francisco; New York, April 11, Anna Maersk, Yokohama via Los Angeles; Baltimore, April 11, Portmar, Los Angeles.

Trapper Walked Far To Report Death

KAMLOOPS, B.C. (CP)—Word reached here Monday of a lone trapper's 60-mile trek through unbroken bush in the Cariboo district to report his partner's
